

Platform Devices Shaily offers a comprehensive range of technologies, solutions and services for patient-centric and cost effective self-medication injection systems

Axiom

Fixed-dose pen injector
Teriparatide / PTH / FSH
Non-priming

Specifications

Variant	Fixed Dose
Length	162 mm
Outside diameter	24.45 mm
Max dose	80 uL
Dose setting resolution	80 uL
Injection button distance	18.5 mm
Dose setting and dose resetting	No
End of content stop (last dose lock out)	Yes
Cartridge	3
Standards	11608, EU, FDA
Delivery Force range	~7 N
IP	Clear patent position with protection of key features – patent pending

Shaily Healthcare

Shaily Engineering Plastics Ltd. is India's leading precision plastics manufacturing company and specialises in the manufacture of complex components and assemblies using scientific injection molding of high-performance engineering polymers to stringent quality and tight tolerances.

Shaily Healthcare and Shaily Innovations UK both divisions of Shaily Engineering Plastics specialize in design, development, and manufacture of complex drug delivery devices such as pen injectors, auto-injectors, inhalers and pumps. We support our customers using our expertise in comprehensive design and engineering, prototyping, tool manufacturing, manufacturing of components and assemblies and concluding with design verification and validation. All our processes from design to industrialization are governed by our comprehensive QMS that incorporates comprehensive risk management.
