

Enzymaster is a Sino-foreign joint venture combining cutting-edge technologies with reliable manufacturing resources.

High quality, optically pure compounds produced in certified facilities.

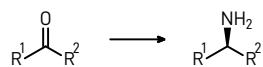

Our products are backed by many years of successful manufacturing expertise.

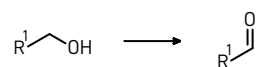

Enzymaster offers competitive prices and reliable supply from development to commercial scale.

Selection of Our Key Transformations:

Transamination

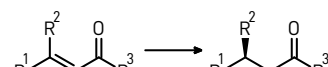

Alcohol Oxidation

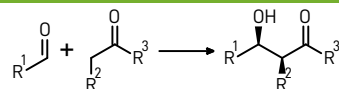

Ketone Reduction

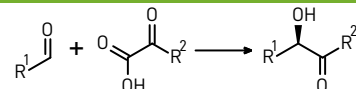

Enoate Reduction

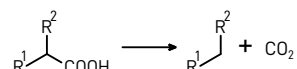

Aldol Reaction

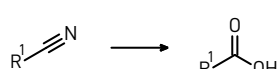

Carboligation

Decarboxylation

Nitrile Hydrolysis

Enzymaster is your solution provider for biocatalysis – applied to food, pharmaceutical and fine chemicals.

Enzymaster Deutschland GmbH

Address: Neusser Str. 39, 40219 Düsseldorf, Germany

Tel: (+49) 211 - 15 82 16 10

Mobile: (+49) 176 - 74 78 69 39

Green magic happens here

Products – Pharma

(R)-3-Aminobutyric acid

CAS: 3775-73-3
Appl.: Dolutegravir

(S)-3-Hydroxytetrahydrofuran

CAS: 86087-23-2
Appl.: Empaglifozin, Afatinib

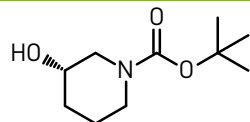

... and many further products in our pipeline –
please ask us for more information!

Enzymaster – your partner for biocatalytic production!

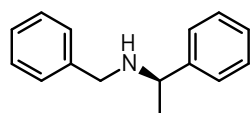

Benefit from our cutting-edge technology platform and
our long-term experience in manufacturing.

All listed compounds are produced by
our proprietary enzyme technology.

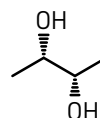

We offer to develop the biocatalytic synthesis of your
customized product and manufacture your chemical
compound at any commercial scale.
Contact us for more information!

(S)-1-Boc-3-Hydroxypiperidine

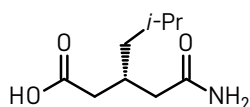

CAS: 143900-44-1
Appl.: Ibrutinib

(R)-N-Benzyl-1-phenylethylamine

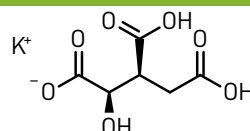

CAS: 38235-77-7
Appl.: Suvorexant

(2S,3S)-2,3-Butanediol

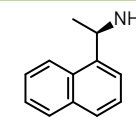

CAS: 19132-06-0
Appl.: Chiraphos (Ligand)

(R)-3-Carbamoylmethyl-5-methylhexanoic acid

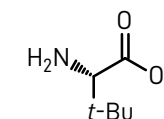

CAS: 181289-33-8
Appl.: Pregabalin

(2R,3S)-Isocitric acid, monopotassium salt (KICA)

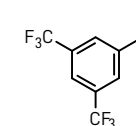

CAS: 20226-99-7
Appl.: Darunavir

(R)-1-(1-Naphthyl)ethylamine

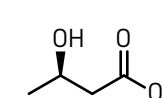

CAS: 3886-70-2
Appl.: Cinacalcet

L-tert-Leucine

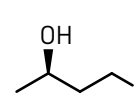

CAS: 20859-02-3
Appl.: Atazanavir, Glecaprevir

(R)-1-[3,5-Bis(trifluoromethyl)phenyl]ethanol

CAS: 127852-28-2
Appl.: Aprepitant, Fosaprepitant

Methyl (R)-3-hydroxybutyrate

CAS: 3976-69-0
Appl.: Dorzolamide

(R)-1,3-Butanediol

CAS: 6290-03-5
Appl.: Selected Antibiotic APIs
