

EFFICACIST

With peptide technology as the core, EFFICACIST has always focused on the ultimate pursuit of peptide scientific research and technology and is committed to being a functional skin care brand approved by recognized domestic laboratories, providing consumers with safe and effective solutions for problematic skin.

PRODUCT INTRODUCTION

Complex Peptide Moisturizing Mask

Intensive hydration and multi-dimensional first aid to soothe skin "dryness"

First aid for "problematic skin" from both internal and external sources:

(1) **"External" moisturizing and stabilizing:** sodium hyaluronate + hydrolyzed sodium hyaluronate + ceramide NP + building skin moisturizing system, promoting the generation of moisturizing factors, stabilizing the skin barrier, improving skin resistance, and compound niacinamide + inositol to reduce the color deposition of the epidermis due to external environmental pressure.

(2) **"Internal" firming and fullness:** specially developed peptide formula, scientific matching of multiple star ingredients of snake venom peptide + palmitoyl tetrapeptide-7 + palmitoyl tripeptide-1, targeted blocking wrinkle generation, promoting collagen from the source to support bouncy youthful muscles.

The soft and gentle skin-feeling hydrocotyle asiatica fiber membrane cloth 360-degree fits every inch of skin, the fiber interwoven mesh structure carries multiples of essence, enabling extravagant nourishment to the skin.

Complex Peptide Moisturizing Neck Mask

Specialized research on issues of neck skin, multiple luxury treatments to nurture an elegant, fair and beautiful neck

Double hyaluronic acid is combined with niacinamide and ceramide NP, and multiple active ingredients can awaken the elasticity of the neck skin.

Specializing in peptide formula with the scientific matching of snake venom peptide + palmitoyl tetrapeptide-7 + palmitoyl tripeptide-1, high active ingredients directly reach the bottom of the neck skin, and anti-aging rejuvenation is carried out from the deep layer of the neck skin.

Pure Skin Face Cleanser

Mild and clean, with 0 additives

Clean: Soft and sticky cream, easier to lather. The foam is soft.

Care: Dual amino acid surfactant provides both mild skin sensation and cleanliness.

Nourishing: zero additives, containing precious natural essential oils to soothe dryness and nourish the skin.

Soft: fragrance inspired by precious natural essential oils, blending with ingredients to create a touching healing on the discomfort of the skin while cleansing.

Complex Peptide Anti-Wrinkle Serum

Tested by authorized institutions, fading lines and firmness are visible to the touch

Dual-dimensional line defense conquers the face collapse problem: anchoring 2 cores for skin tightening and elasticity, "internally" tighten and plump the skin, stabilize the three-dimensional support of the skin base to improve the problem of facial sagging face; "Externally" fade the lines, fill the surface grooves and dryness, and improve the problem of dry lines and fine lines on the skin..

Breakthrough anti-aging formula: the innovative collagen bandage superconducting "3D peptide" is scientifically combined with the anti-aging giant Pro-Xylane, and the skin barrier guardian ingredient Ectoin to accelerate collagen self-generation from the source, increase collagen content, and activate the collagen engine to support a youthful skin.

Innovative disposable ampoule design: every drop is fresh and precise to meet the anti-aging demands of skin in multiple dimensions.

Carnosine Moisturizing Coating Mask

Avoid the effects of staying up late and maintain a good complexion

Hydrating and moisturizing formula: Hyaluronic acid + arginine combination can effectively improve skin water content, double moisturize and lock water, smooth up late night dryness, and improve moisture and luster of skin.

New ideas of anti-oxidation and anti-Glycation: Highly refined carnosine and magnolia inhibits glycation by multiple pathways, firming and fading fine lines, deeply sniping free radicals, reducing dullness and yellowness, and thus glow layer by layer.

Brightening and whitening: 99.9% pure niacinamide + myo-inositol can fade lines and brighten the skin, improve the dullness and yellowish caused by staying up late, so the radiance of the skin last longer.

Absorption promoted by biomimetic skin film: The skin film has a silk slippery cream texture and can become biomimetic sebum film in 25 min, which is milder than tear-pull mask and better absorbed than patch mask. The product is not sticky, greasy, thick or stuffy. The essence of ingredients promotes absorption to make the tenderness of the skin visible.

EFFICACIST

Developed specifically for oriental female skin Gentle and efficient

- (1) Using natural plant-derived floral water and natural essential oils as fragrance-enhancing ingredients, no chemical flavor added;
- (2) No nipagin-based preservatives, alternative preservatives;
- (3) No DMDM Hydantoin formaldehyde donor preservatives;
- (4) The selection of active ingredients is based on the domestic and foreign clinical research data;
- (5) Plant oils and fats have organic certification;
- (6) No sensitizing and teratogenic essential oils added: such as dozens of essential oils that should be avoided during pregnancy, such as frutus cymini, allspice, star anise, angelica dahurica, camphor, and cinnamon; and no highly sensitizing chemical components such as citronellol and citronellal, etc.
