

Technical Centre

GALWAY, IRELAND

Design, develop and test your healthcare packaging in a matter of days!

As the first of its kind in Ireland, our Technical Centre is a place to collaborate and ideate with customers. It is a hands-on learning environment, where customers are invited to work with healthcare packaging experts to design their packaging and produce and test prototypes in our lab. This is a safe domain where creativity, problem-solving and collaboration are encouraged!

- **Increase speed-to-market: go from concept to solution within a day or two**
- **Join us for educational seminars, including Tyvek and Film school**

Contact us today to learn more, or to schedule your visit:

Ireland Technology Centre
Unit 8, Westlink Commercial Park
Oranmore, Co.

Packaging design and technical professionals can create same-day samples, work to determine root cause, or design iterations with experts.

Samples can include:

- Pouches
- Die-cut lids
- HDPE CleanCut Cards

Package Testing

- Seal Strength Testing pre ASTM F88
- Burst Testing per ASTM F1140

Seal Integrity Testing

- Bubble Leak Testing per ASTM F2096
- Die Penetration Testing per ASTM F1929 and ASTM 3039

Material Testing

- Coefficient of Friction/Slip Testing per ASTM D1894
- Slow Rate Puncture Testing per ASTM F1306
- Tensile Testing per ASTM D882
- Gelbo Flex Testing per ASTM F392
- Grammage Testing per ISO 536
- Yield Testing per ASTM D4321
- Thickness measurement

Transportation Testing

- Vibration Testing per ASTM D999
- Drop Testing per ASTM D5276
- Compression Testing per ASTM D4577 and ASTM D642

Film/Tyvek School

- Available as classroom training or virtual discussion
