3 Oct 2023	Hello, After visiting your CPHI profile, we wanted to get in touch to tell you more about our company Samabriva. We've developed an innovative plant-based bioproduction process that could be of interest to your company. Producers of natural complex molecules, APIs and recombinant proteins are facing big challenges, particularly in relation to current production methods. It's now a highly competitive landscape and	Florian Cardon Samabriva florian.cardon@samabriva.com Amiens France Phone: +3322092830

	<p>supply is becoming increasingly unpredictable. Moving forward, we believe that it's crucial for companies like yours to prioritize three key factors: • predictability • competitive costs • high yields At Samabriva, our innovative process addresses these challenges effectively. We can provide complete supply chain control while remaining cost-effective and highly productive. For example, our technology can increase productivity by 3000-fold compared to current production methods. It's also safer as it's free from animal-derived components. If you'd like to find out more about what we do, visit <a href="http://samabriva.com">samabriva.com</a> I think it would be interesting to discuss our mutual potential interests as we both attend the CPHI. Do you have any availability for a meeting? Thank you for your time. I look forward to hearing from you soon. Kind regards, Florian Cardon Chief Business Officer</p>

22 Sep 2023	<p>Dear Sir, Madam, I would like to book a meeting with Cecile Bellamy at CPHI Barcelona 2023. Orissa has an exclusive distribution partnership with Clariant, for the BeNeLux. A joint meeting at Clariant's booth is also an option. The portfolio consists of PEGs (as solubilisers, emulsifiers, ...), as well as polysorbates, (hydrogenated) castor oil, etc. - all also suitable for parenterals. Clariant's latest launch was a range of high performing, easy-to-use (no pre-neutralisation necessary) rheology modifiers. Apart from these excipients, Clariant also has some API's. Would this meeting be possible on Tuesday 24th or Wednesday 25th, both before lunch time? Thank you very much in advance. 19 Sep 2023	<p>Dear Ulrich, I am reaching out on behalf of TBD Pharmatech (formerly TBD-Biodescovery, <a href="http://www.tbdpharmatech.com">www.tbdpharmatech.com</a>), a small-molecule API CDMO based in Estonia, EU. Hoping to propose an on-site meeting with TBD's reps and Pfizer at Barcelona to connect and explore potential collaboration opportunities. TBD takes pride in our CDMO services range that cover full-range development and manufacturing from route-scouting/tech-transfer through GMP compliance to commercial production. A half an hour meeting at CPHI at your convenience (at yours or our stand at 7B30, API zone) would be a match if some of the projects in your portfolio require: 1. Quick lead-in and turnaround time with high scheduling flexibility 2. Annual production volumes of up to 500 kg per product. 3. Competitive pricing and EU-based operations 4. Highly customized manufacturing project setup adapted into our new state-of-the-art manufacturing facility, set to launch in 2024.
