2PirPharma

WHO WE ARE

36 years of experience behind us

- 2PirPharma is a Spanish company that imports, exports and distributes medicines and raw materials to different markets.
- We represent the world's leading laboratories in Spain through our own sales and distribution network.
- We are a company with more than 36 years of experience in the pharmaceutical market, and we are positioned in all hospitals in Spain with different high value products.
- We understand the importance of business based on trust and long-term relationships. We are based in Spain.
- 2PirPharma is one of the main "Brokers" of the Spanish Medicines Agency for importing products with supply problems.
- 2PirPharma is a partner of the distributor Biopharmed, through which we distribute throughout Spain the products of the different laboratories that trust us. This partnership makes us an independent company, as we have our own transport for both cold and ambient temperatures.

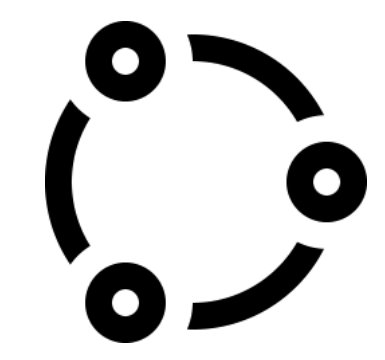

OUR COMPANY VALUES

2 P i r P h a r m a

NEARBY

SERVICES SPECIALISED

2 P i r P h a r m a

- 2PirPharma, provides technical support to resolve the formalities related to the Responsible Declaration for the manufacturing and/or import and export of products.
- Since the entry into force (26 July 2013) of the third additional provision of Law 29/2006 on guarantees and rational use of medicines and health products, the Responsible Declaration regime applies to the manufacturing and import activities of cosmetics and personal care products, replacing the mandatory prior application for authorisation of activities established in article 18 of R.D. 1599/1997.
- We do not only take care of the paperwork, but we also import, export, commercialise, distribute and market these products. Our partner Biopharmed allows us to have our own warehouse as well as our own transport that goes directly to the hospitals.
- More than three decades of experience position us as a leader in the Spanish market.

A close-up photograph of a hand holding a pen, with the word 'competence' written in a white, cursive script across the hand and pen. The background is dark and textured, suggesting a piece of paper or a surface being written on.

competence

SERVICES SPECIALISED PHARMACEUTICAL PHARMACEUTICALS

- ❖ Advice and support in adapting to the new Regulation on medical devices. Definition of the methodological, ethical and clinical aspects that must govern clinical research with medical devices. Search for the person responsible for regulatory compliance. Adaptation of the Unique Device Identification System: UDI.

Relevant international brands have recently been introduced in the Spanish market by our professionals (own sales network).

- Human Bioplasma
- Kedrion
- Biomedlublin
- Zentiva
- Cytopharma
- Laphysan
- Hikma
- Avalon
- Tarbis
- Biowise

MARKETING & DISTRIBUTION

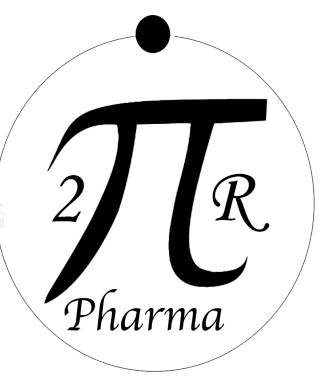

2 P i r P h a r m a

Our customers demand new TOP products, existing outside SPAIN, so thanks to our distributors, we introduce in a very efficient way new INTERNATIONAL products in the Spanish market.

Our current distributors are made up of the eight main e-commerce wholesalers in the Spanish market, as well as small physical shops (sales network).

We have access to position all our products within all Spanish hospitals both private and public due to our great relationships with the different management.

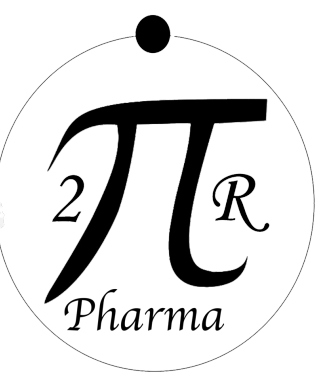

SPAIN

2 P i r P h a r m a

- We are located in Madrid and Granada, capital of Spain.
- We have a sales network for the whole of Spain.
- Direct transport to hospitals

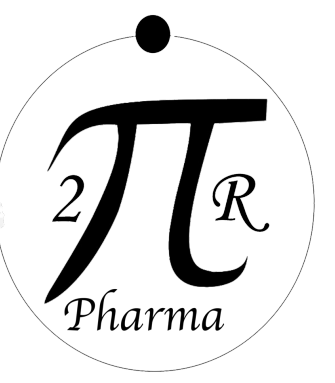

**"It doesn't matter if you are a small or large company.
If you want to position your medicines on the Spanish market, do not hesitate to contact us. We work discreetly and confidentially, we adapt to each client's environment and we speak the language of the technicians. Our strong positioning in all hospitals in Spain puts us in an advantageous position compared to other companies".**
