## Quality You Can Trust

We owe our success to our valued customers, excellent trucks, and experienced drivers. Our main goal is to help our clients choose tailor-made transport solutions, always backed by trust, flexibility, security, and quality.

## Pharma Transport

Since 2011, we have exclusively specialized in the transportation of pharmaceutical goods, providing fast and reliable delivery with precise temperature control ranging from -25°C to +30°C, fully compliant with GDP standards.

## High-Value Transport

Since 2017, our vehicles have met the highest safety standards with TAPA Level 1 certification.

## ADR Transport

We are fully certified, and our drivers are specially trained for the transportation of hazardous goods, meeting all ADR licensing and equipment requirements.

## Fleet

We operate exclusively with our own comfortable vehicles, which are regularly serviced and equipped with the latest available safety systems.

## Personnel

Our team is made up of skilled professionals, many with over ten years of experience in the company. They've developed their expertise with us from the beginning and are committed to meeting our quality standards.
