

LEADER IN OPHTHALMIC APIs

C² PHARMA is a European pharmaceutical group established in 2014. It manufactures and distributes active pharmaceutical ingredients (APIs) and complex chemical compounds obtained from synthetic and natural origins. C² PHARMA is today the global leader in ophthalmic APIs.

With our current API product portfolio, we reach more than 200 pharmaceutical companies across the United States, Western and Eastern Europe, South America, Asia, Middle East, and Africa.

C² PHARMA also offers customized GDP cold-chain warehousing and logistics solutions through its specialized affiliate Logistics4Pharma (Frankfurt, Germany).
