

# ALCHIMICA

## CHEMICAL SOURCING

for your breakthrough innovations

FINE CHEMICALS

RARE MOLECULES

HARD-TO-FIND SUBSTANCES

CUSTOM SYNTHESIS

INNOVATION ESSENTIALS

25+ years of excellence  
in securing the most  
challenging chemicals

Unparalleled ability to  
find and deliver rare and  
hard-to-find molecules

Custom synthesis  
unlocking chemicals  
unavailable off-the-shelf

## THE ALCHIMICA DIFFERENCE

With over 25 years of expertise in professional chemical sourcing, Alchimica possesses the knowledge and resources to meet your needs. Our vast network of trusted suppliers, bolstered by our membership in the Indis Group, grants us access to an immense pool of chemical substances.

From common chemicals to rare molecules, we've got you covered. Our product offering extends beyond what is readily available, as we can source even the most unique substances. When you require something truly extraordinary, our custom synthesis services ensure delivery, regardless of complexity.

### COMPREHENSIVE SOLUTIONS FOR YOUR UNIQUE NEEDS

- ▶ Wide range of chemicals, from everyday essentials to elusive specialties
- ▶ Rare substances also available among the 200,000+ chemicals on our online platform [www.reagentia.eu](http://www.reagentia.eu)
- ▶ Custom synthesis services for molecules unavailable off-the-shelf
- ▶ Support for groundbreaking innovations and ambitious R&D projects

### YOUR TRUSTED PARTNER IN INNOVATION

- ▶ Collaborative approach to understanding and fulfilling your unique needs
- ▶ Enabling you to focus on your core competencies and innovative pursuits
- ▶ Proven track record of success in bringing clients' innovative visions to life
- ▶ Unwavering commitment to quality, safety, and ethical sourcing practices
