Purelium: The Essence of Nutraceutical Innovation

Purelium is transforming the nutraceutical industry with a clear vision of purity and innovation. As a flagship brand of Alchimica, a renowned chemical distributor, we deliver premium ingredients like Purelium Manno and Purelium Chondro, blending science with nature. Building on Alchimica's legacy, we are setting new standards in the production of nutraceuticals.

Building a Healthier Tomorrow, United

Purelium delivers premium, eco-friendly raw materials for dietary supplements. Our strict testing and certification ensure top quality. This commitment enhances your products and fosters business growth. Together we're redefining excellence in nutraceuticals.

Sustainability in Each Ingredient

Sustainability and ethical practices are central to Purelium's operations. Through responsible sourcing and leveraging Alchimica's logistical expertise, Purelium ingredients uphold the highest environmental standards, ensuring sustainability and quality are closely aligned.

Alchimica, founded in 1996 in Prague as a family business, has evolved into a global distributor of products including chemicals and nutraceuticals. The company serves various industries, maintaining a commitment to quality and innovation.

Purelium

Purelium, a brand under Alchimica, provides premium nutraceutical materials utilizing a global network and deep market insights. Its key products, Purelium Manno and Purelium Chondro, set industry standards with their purity and efficacy.
