

BD solutions for enabling delivery of complex biologics

BD Physioject™ 1 mL Disposable Autoinjector

BD Physioject™

- Simple, one button activation
- Start of injection indicator:
 - Click noise
- Patient-centered design, easy to handle and use:
 - Cap removal
 - Needle guard push force
 - Button-push force
- Fully integrated system
- 100% drug visibility
- End indicator:
 - Stopper at the bottom of the barrel
- Passive needle shielding
- Evidence of integrity

- 3 steps, button-activated autoinjector¹
- Provides 360° view of the drug¹
- Allows control of injection²
- Protected needle at all times¹
- Reliably integrated with BD Hypak™ for Biotech Glass Prefillable Syringe 1 mL in 29G TW, 27G STW¹
- Customizable color and design

Key benefits

BD Physioject™ 1 mL Disposable Autoinjector is an easy-to-use autoinjector designed to deliver fixed dose injections subcutaneously:³

- **Easy to Use**⁴ providing patient **confidence** in the injection process³
- **Clinically proven**, commercially available solution with human factors data^{3,5}
- **Fully integrated reliable solution**, validated with BD Hypak™ for Biotech 1 mL Syringe¹
- An **Ease of Use**SM Product recognized by the Arthritis Foundation^{®4}

Experience

- Less than 3 reported complaints per million linked to system integration for BD Physioject™ annually since 2010⁶
- Over 50 Million units of BD Physioject™ were sold between 2014 and 2018⁷

Availability

- Samples available for clinical and commercial use
- Full supportive data package of system performance
- Available through BD PartnerPath™ Program, enabling speed to market
