### From the Chairman's Desk

#### Welcome to Makcur Laboratories Ltd.

We at MAKCUR truly believe in transformation. Change is the only constant. We understand that every change involves application of innovative ideas on both existing and new resources to make them more resourceful. "TRANSFORMATION & INNOVATION goes hand in hand for building a success story" and we at MAKCUR have inspired our team to aim for quality by adopting and implementing new technologies.

To widen our horizons to provide better quality medicinal products, we at MAKCUR Labs look for introducing newer products. Healthcare is a priority sector and we ensure that our healthcare products are always a mark ahead in quality and affordability. With an aim to provide quality pharmaceutical products which cater masses for domestic and international markets, we have been exploring varied therapeutic segments. We are into production of Small Volume Parenteral Vials and Ampoules & also having capabilities to fill Ophthalmic, Pre-Filled Syringes and Dental Cartridges. We are coming up with the state of art facility of Blow Filled Sealed Injectables too at the same place.

We aim for operational excellence in manufacturing quality medicines for important therapies like anti-infectives, anaesthesia, anti-malarial, cardiac care drugs, GIT drugs etc...

"Our People are our strength; our products are our commitments and our culture are our key sustainability".

- D. L. Patel  
Chairman and Managing Director

## About Us
