

GMP PHARMA UK™

LIQUID & SEMI-SOLID PHARMACEUTICAL
INGREDIENTS & PRODUCTS

*GMP Pharma UK: Your Reliable
Partner for GMP Certified Contract
Manufacture*

About

GMP Pharma is the commercial and marketing arm of a small high quality cGMP contract manufacturer specialising in liquid and semi-solid APIs and products. We supply GMP Certified API's & excipients to medical, pharmaceutical, nutraceutical, healthcare, veterinarian, animal health, food, drink and nutrition markets.

UK MHRA MIA/MA 28255

What we do

GMP Pharma boasts a committed team with extensive expertise across various stages, from investigation to commercial manufacture. Our robust capabilities are evident in our seamless processes spanning development, validation, stability, scaling up, and production, affirming our position as premier providers of natural extracts to the healthcare and pharmaceutical industries. Rest assured, we excel in delivering Active Pharmaceutical Substances (APSs) that adhere strictly to the rigorous standards outlined in the European Pharmacopoeia, leveraging our GMP-accredited facility for optimal quality assurance.
