

SUKHTIAN PHARMA

Our **PROMISE** For Wellbeing

<https://sukhtianpharma.com/>

Chairman's Note

What started as the first pharmacy in Tulkarem, Palestine in 1933 has developed into a multinational pharmaceutical company with a diverse range of high quality pharmaceuticals.

Located on the outskirts of Amman, Sukhtian Pharmaceutical Manufacturing (SP) is a GMP manufacturing plant and networks with its sister companies in Munir Sukhtian Group on reaching international markets.

SP's dynamic R&D, accumulated knowledge in the industry and its professional people build on the success of the past 85 years to penetrate challenging markets and provide a strong launching pad for future growth.

We will continue to grow and deliver pharmaceuticals with great consideration for social responsibility, human health and wellbeing, and the strong partnerships we build in the global market place.

Nidal Munir Sukhtian

Our History

1933

The founder Mr. Munir Sukhtian opened a pharmacy in Tulkarem, Palestine and expanded into pharmaceutical chemical importation.

1969

Beit Jala Pharmaceutical Company was established as the first pharmaceutical company in Palestine. The company was designed to produce branded generic pharmaceuticals for the domestic market.

2017

Established Sukhtian Pharma, is dedicated to expanding our global horizons and market presence by identifying and addressing unique healthcare needs worldwide, with plans to extend our reach to even more countries in the future.

About Us

Introducing Sukhtian Pharma, a proud member of a leading pharmaceutical and manufacturing group with a long-standing history and a renowned name in the industry (MSG).

Our PROMISE for Wellbeing

- P** erformance is imprinted in our DNA
- R** eaching patients within diverse markets
- O** wnership and passion in what we do
- M** indfulness of social responsibility and ethics
- I** deation and innovation on daily basis
- S** eizing opportunities
- E** xcellence in everything we do

Our Values

Integrity

At Sukhtian Pharma, we maintain the highest ethical standards and transparency in all our practices, ensuring safety, effectiveness, and trust.

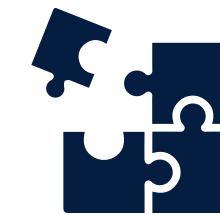

Excellence

We strive for superior quality in research, registration, production, and service, continuously improving to impact patient health positively.

Collaboration

Working closely with healthcare professionals and partners, we leverage diverse expertise to develop targeted solutions for niche markets.

Innovation

Investing in cutting-edge research and creative problem-solving, we address unmet medical needs and exploit market gaps with groundbreaking treatments.

Vision

To become a global healthcare organization and to be recognized as an international pharmaceutical company by providing high quality, cost effective products through outstanding competencies in all related areas.

Mission

At Sukhtian Pharma, our mission since 1933 has always been to provide products that improve people's quality of life with international standards and broad reach. Our values stem from a deep rooted legacy of integrity, social responsibility and of challenging our own limits

Our Global Presence

Middle East

Jordan, Iraq, UAE, Saudi Arabia, Oman, Qatar, Yemen, Bahrain, Kuwait, Lebanon

Africa

Algeria, Libya, Sudan, South Africa

Europe/Asia

Russia

Our Goals

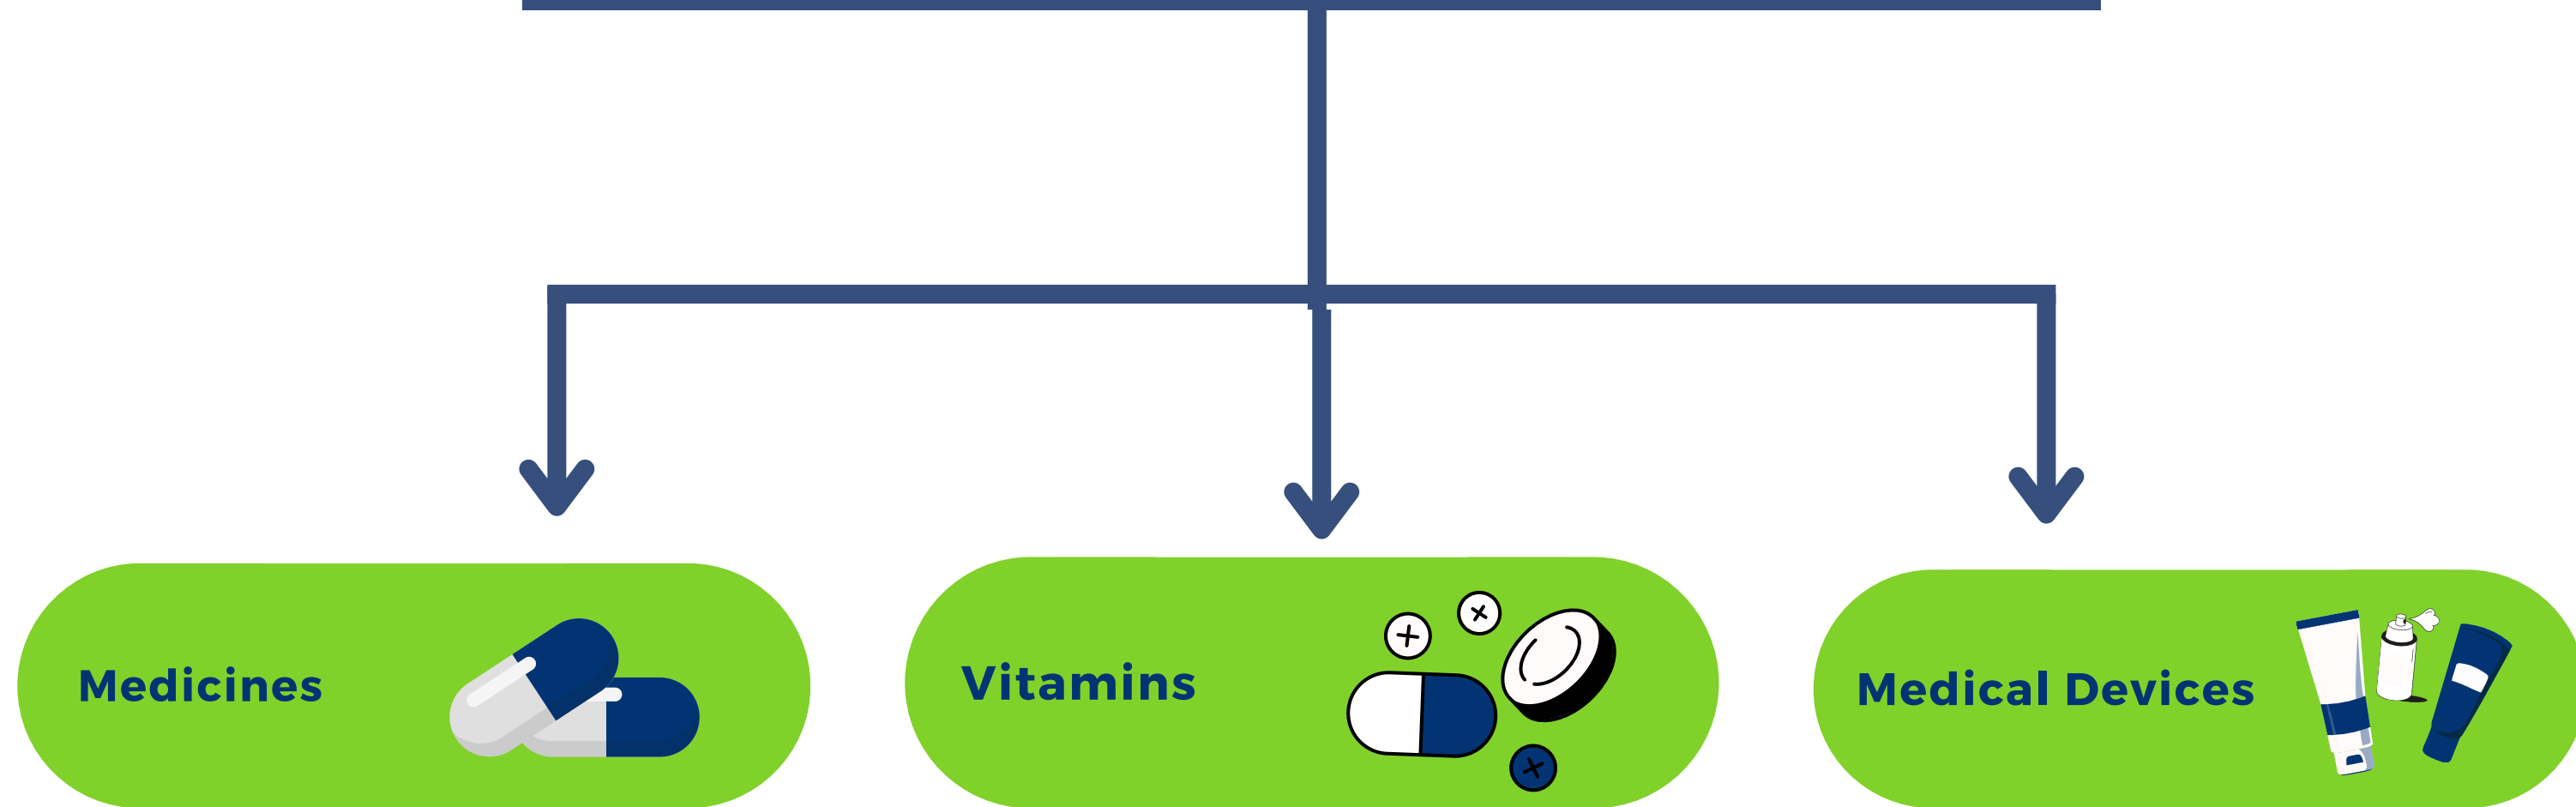

01 **Pioneering Innovation:** Leading the way in developing groundbreaking therapies to improve global health.

02 **Global Reach:** Expanding our presence to provide quality healthcare solutions worldwide.

03 **Sustainable Excellence:** Committing to eco-friendly practices and ethical standards in all our operations.

Pharmaceutical Sectors

Pepto[®]z

Composition:

Bismuth subsalicylate (262 mg/Tablet – 17.5 mg/ml suspension)

Indications:

- Diarrhea
- Travelers' diarrhea
- Upset stomach due to overindulgence in food and drink, including : Heartburn, Indigestion, Nausea, Gases, Belching, Fullness.
- Bismuth subsalicylate is used as adjuvant therapy for the treatment of peptic ulcers.

Pepto Oral Suspension contains:

**Bismuth subsalicylate
17.5mg/ml (Peppermint
flavor)**

**Presentation: 120ml, 240ml &
360ml suspension.**

Pepto Tablets contains:

- **Bismuth subsalicylate
262mg**

Presentation: 30 Tablets

DeStress[®]

Composition:

Cyclobenzaprine HCl 5, & 10mg Tablets

Indications:

- Acts as a muscle relaxant.
- Used as an adjunct to rest and physical therapy for the relief of muscle spasm associated with acute and painful musculoskeletal conditions.

DeStress 5 mg Tablets contains:

- Cyclobenzaprine HCl 5mg

Presentation: 30 Tablets

DeStress 10 mg Tablets Contains:

- Cyclobenzaprine HCl 10mg

Presentation: 30 Tablets

Hema[®]

Composition:

Iron 25mg Capsules (as Ferrous bisglycinate)

Indications:

- Hema[®] contributes to the normal formation of red blood cells and hemoglobin which results in normal oxygen transport in the body and normal function of the immune system
- Hema[®] helps reduce tiredness and fatigue

Hema Capsule contains :

- Iron 25mg
(as Ferrous bisglycinate)

Presentation: 30 Capsules

Benzed®

®

Composition:

Benzydamine HCl 0.15%, Chlorhexidine gluconate 0.12%, Mouthwash and Gargle

Indications:

- For fast temporary relief of symptoms:
- Sore throat, tonsillitis, pharyngitis, mouth ulcers.
- Swelling, redness, and inflammatory conditions.
- Pain resulting from mouth, throat or dental operations.

Benzed Mouthwash and Gargle contains:

- Benzydamine HCl 0.15%
- Chlorhexidine gluconate 0.12%
(Cherry Flavour)

Presentation: 240 ml Solution

HexaGar[®]

Composition:

Chlorhexidine Gluconate 0.2% w/v Mouthwash

Indications:

- Relief of Gingivitis that is characterized by redness and swelling of the gingiva or gingival bleeding.
- Relief of acute necrotizing ulcerative gingivitis.
- Prophylaxis and relief of mouth infections, periodontitis, denture stomatitis, and minor aphthous ulcers.
- Maintaining mouth hygiene.

HeXaGar 10ml (Cap full) contains:

- Chlorhexidine Gluconate 0.2% w/v

Presentation: 100ml Solution

HexaDent[®] Spray

Composition:

Chlorhexidine Gluconate 0.2% w/v (Mint, BlackCurrant)

Indications:

- Relief of Gingivitis.
- Helps reduce the formation of dental plaque.
- Maintain mouth hygiene.
- Helps control recurring mouth ulcers.
- Helps manage denture sore mouth and recurring oral thrush.
- Helps prevent cavities for those at high risk of tooth decay.

HexaDent Spray contains:

- Chlorhexidine Gluconate 0.2%w/v
- Mint, Blackcurrant Flavor

Presentation: 50ml Solution

HexaDent[®] Gel

Composition:

Chlorhexidine Gluconate 1% w/v (Mint, BlackCurrant)

Indications:

- Relief of Gingivitis.
- Helps reduce the formation of dental plaque.
- Maintain mouth hygiene.
- Helps control recurring mouth ulcers.
- Helps manage denture sore mouth and recurring oral thrush.
- Helps prevent cavities for those at high risk of tooth decay.

HexaDent Gel contains:

- Chlorhexidine Gluconate 1% w/w
- Mint, Blackcurrant Flavor

Presentation: 15g Gel

Citrock[®] & Citrock-D[®]

Composition:
Calcium Citrate

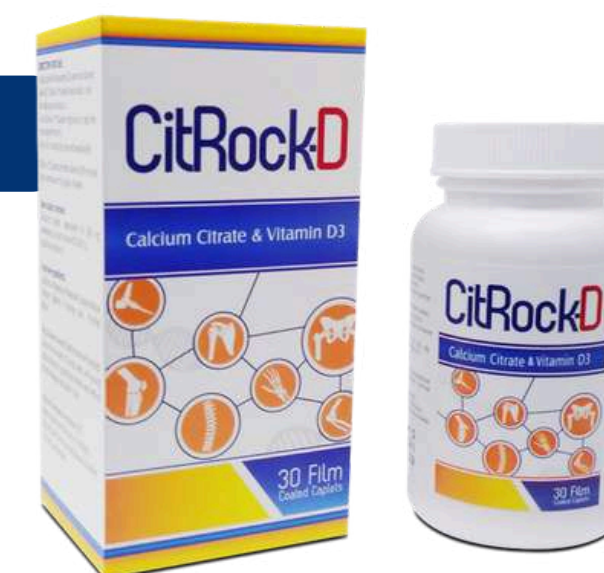

Indications:

- Citrock[®] is recommended as a source of calcium.
- Citrock[®] may assist in the prevention of osteoporosis, in maintaining healthy bones, decreasing bone breakdown, and to stabilize bone mass. It may be a source of calcium where there is proven calcium malabsorption and hypocalcemia.

CitRock Caplets contains:

- Calcium citrate 200mg

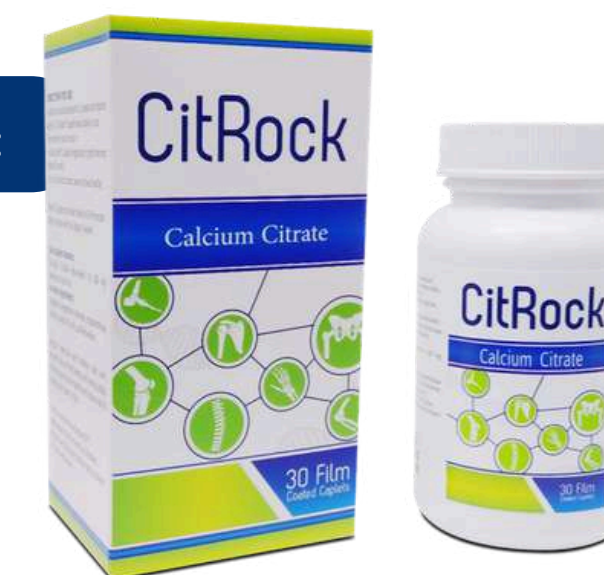

Presentation: 30 Caplets

CitRock-D Caplets contains:

- Calcium citrate 200mg
- Vitamin D 200IU

Presentation: 30 Caplets

Deferol[®]

Composition:

Vitamin D3 as Cholecalciferol Oral Drops and Tablets

Indications:

- Enhancing the growth and development in infancy and childhood especially for normal bone growth and muscle strength.
- Maintaining healthy bones and teeth.
- Contributes to the normal function of the immune systems.

Deferol Tablets contain:

- Vitamin D3 (as Cholecalciferol 2000 I.U)

Presentation: 30 Tablets

Deferol Oral drops contain :

- Vitamin D3 (as Cholecalciferol 400 I.U/Drop)

Presentation: 10 ml bottle with dropper

Olivida[®]

Composition:

Vitamin D3 in Olive Oil Oral Drops

Indications:

- Enhancing the growth and development in infancy and childhood especially for normal bone growth and muscle strength.
- Maintaining healthy bones and teeth.
- Contributes to the normal function of the immune systems.

Olivida Oral drops contains :

- **Vitamin D3**
(as Cholecalciferol 400 I.U/drop)
- **Olive oil**

Presentation: 10 ml Solution with dropper

FerroFolia-Z[®]

Composition:

Iron, Zinc, Folic Acid Capsules

Indications:

- Treat or prevent low blood levels of iron (such as those caused by anemia or pregnancy)
- Boost immune system
- Treat hair and nail weakness
- Protect brain, eye and heart

Ferro Folia-Z Capsule contains :

- Iron (as Dried Ferrous sulfate 123.70 mg equivalent to Fe 40 mg)
- Zinc oxide 26.929 mg equivalent to Zn 21.63 mg
- Folic acid 0.40 mg

Presentation: 30 Capsules

Harrar[®] Thermo

Composition:

Methyl Salicylate 10%, and Menthol 5% Cremogel

Indications:

- Rheumatic pain
- Muscle and joint pain
- Muscle fatigue
- Arthritis
- Low Back aches, strains, and sprains
- Pain Associated with bruises

Harrar Thermo Cremogel contains:

- Methyl Salicylate 10%
- Menthol 5%
- Thyme oil
- Eucalyptus
- Camphor
- Linseed oil

Presentation: 50g Cremogel

Povidoo[®]

Composition:

Povidone Iodine 5% Vaginal Pessaries

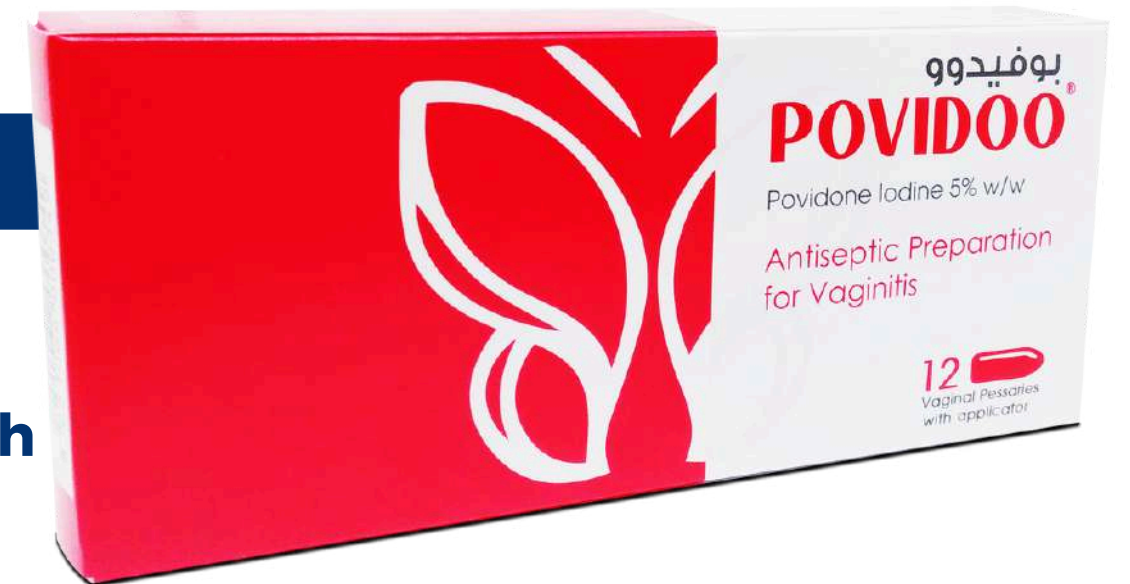

Indications:

- For the treatment of vaginitis infections
- Povidoo vaginal pessaries is an antiseptic and disinfectant agent.
- It is used to prevent and treat infection in the vagina that causes itching, irritation, and soreness.
- For the treatment of vaginitis due to candidal, trichomonal, bacterial, and nonspecific or mixed infections.
- For pre-operative preparation of the vagina.
- For routine cleansing and deodorizing.

Povidoo Capsules contain :

- Povidone iodine 5%

Presentation: 12 pessaries with an applicator

Vatrim[®]

Composition:

clotrimazole 200mg , 500mg vaginal tablets

Indications:

- Vaginitis caused by fungi, usually yeasts of the genus candida
- Superinfections due to Clotrimazole-sensitive bacteria

Vatrim 200 mg Vaginal Tablets Contains:

- Clotrimazole 200mg

Presentation: 3 Tablets, comes with applicator

Vatrim 500 mg Vaginal Tablets Contains:

- Clotrimazole 500mg

Presentation: 1 Tablet, comes with applicator

Fungazine®

Composition:

Terbinafine HCl 1% w/w cream

Indications:

- Fungazine Cream is intended for the treatment of skin fungal infections such as Athlete's foot (Tinea pedis). It is also used to treat a skin yeast infection called Pityriasis (Tinea) versicolor.
- Additionally, it can treat skin fungal infections caused by yeast fungi, mainly those of the species Candida (e.g. Candida albicans).

Fungazine Cream Contains:

- Terbinafine HCl 1% w/w cream

Presentation: 15g Cream

Pecosan[®]

Composition:

Guaifenesin 100mg/5ml Syrup

Indications:

- It helps loosen phlegm (mucus) and thin bronchial secretions to make coughs more productive, and helps relieve chest congestion.

Pecosan Syrup Contains:

- Guaifenesin 100mg/5ml Syrup

Presentation: 100ml Syrup

Dehist[®]

Composition:

Desloratadine 5mg/Tablet, Desloratadine 0.5mg/1ml Syrup

Indications:

- Relieves symptoms associated with allergic rhinitis (inflammation of the nasal passages caused by an allergy, for example, hay fever or allergy to dust mites).
- These symptoms include sneezing, runny or itchy nose, itchy palate, and itchy, red or watery eyes.
- It is also used to relieve the symptoms associated with urticaria (a skin condition caused by an allergy). These symptoms include itching and hives.

Dehist Tablet contains:

- Desloratadine 5mg/Tablet

Presentation: 30 Tablets

Dehist Syrup contains:

- Desloratadine 0.5mg/1ml Syrup

Presentation: 100 ml Syrup

Xentron[®]

Composition:

Ondansetron 4mg & 8mg Tablets

Indications:

- Treatment of nausea and vomiting caused by chemotherapy (in adults and children aged ≥ 6 years.), or radiotherapy for cancer in adults.

Xentron 4 mg Tablets contain:

Ondansetron 4mg

Presentation: 10 film coated tablets

Xentron 8 mg Tablets contain:

Ondansetron 8mg

Presentation: 10 film coated tablets

OSKAR[®]

Composition:

Diclofenac diethylamine 2.32% Cremogel

Indications:

- **Muscle and Joint injuries (e.g., sprains, strains, bruises, backache, sports injuries), relieving pain and helping recovery back to normal function.**
- **Tendonitis (e.g. tennis elbow), swelling around elbow or knee.**
- **Mild arthritis of knee or fingers.**

OSKAR Cremogel contains:

Diclofenac diethylamine 2.32%

Presentation: 50g & 100g Cremogel

Stryde[®]

Composition:

Etoricoxib 90, 120mg Tablets

Indications:

- It helps to reduce the pain and swelling (inflammation) in the joints and muscles of people 16 years of age and older with osteoarthritis, rheumatoid arthritis, ankylosing spondylitis and gout.
- It is also used for the short term treatment of moderate pain after dental surgery in people 16 years of age and older.

Stryde 90mg Tablet contains:

Etoricoxib 90mg tablets

Presentation: 10 Tablets

Stryde 120 mg Tablet contains:

Etoricoxib 120mg tablets

Presentation: 7 Tablets

Rosametra[®]

Composition:

Metronidazole 0.75% w/w Gel

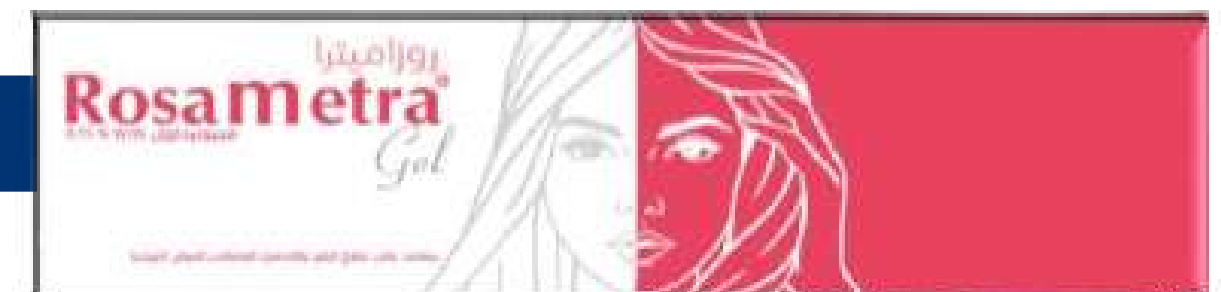

Indications:

- Help to control infection and inflammation in certain skin problems, such as rosacea.

Rosametra Gel contains:

Metronidazole 0.75% w/w Gel

Presentation: 30g gel

KoBi-12[®]

Composition:

Methylcobalamin 500 µg Tablets

Indications:

KoBi-12 contributes to:

- Reducing tiredness and fatigue
- Normal energy-producing metabolism.
- Normal formation of red blood cells.

Kobi-12 Tablets contain:

Methylcobalamin 500 µg

Presentation:
30 Tablets

Products Under Registration

Deferol[®]

Composition:

Vitamin D3 as Cholecalciferol Tablets

Indications:

- Treatment and prevention of vitamin D deficiency states and hypocalcemia in disorders such as hypoparathyroidism.
- Treatment of hypoparathyroidism in pregnancy.
- Treatment of osteomalacia and rickets.
- Treatment and prevention of osteoporosis
- Prevention of corticosteroid- induced osteoporosis.
- Prevention of fractures.
- Prevention of various cardiovascular, metabolic disorders including diabetes mellitus, multiple sclerosis and malignant disorders.

Deferol Tablet contain:

- Vitamin D3
(as Cholecalciferol 50,000 I.U)

Presentation: 12 Tablets

LarGona[®]

Composition:

Pelargonium Syrup

Indications:

- It is A herbal Cough & Cold Relief Syrup for the multi symptomatic treatment of common cold.
- It shortens duration & reduces severity of nasal & bronchial irritations including congestion, cough, hoarseness, sore throat

Largona Syrup contains:

**Pelargonium root dry extract
20mg/2.5ml**

Presentation: 100 ml Syrup

Minoxidil[®]

Composition:

Minoxidil 2% & 5% w/v Topical Solution

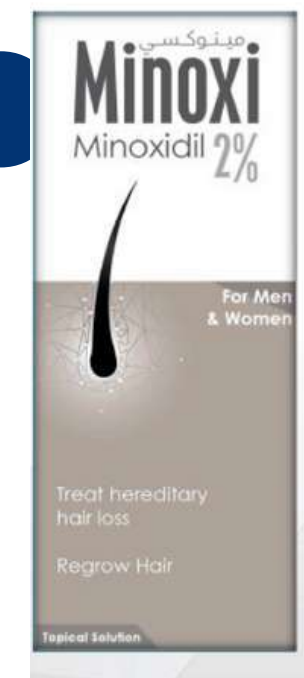

Indications:

- It is used to treat hereditary hair loss in men and women aged 18-65 years, by preventing further hair loss and helping hair re-growth.

Minoxidil 2% Spray contains:

Minoxidil 2%w/v

Presentation: 60ml solution with sprayer

Minoxidil 5% Spray contains:

Minoxidil 5% w/v

Presentation: 60ml solution with sprayer
