

SICHUAN OMNIS PHARMACEUTICAL CO., LTD
四川宏明博思药业有限公司

SICHUAN OMNIS PHARMACEUTICAL CO., LTD

Omnis, founded in January 2013, focuses on R&D, production, marketing and sales of small molecule chemical drugs. The business covers a variety of APIs and FDFs such as lyophilized powder for injection, small volume injection, tablets and capsules. The FDFs and APIs plants have established a complete production line complying with EU EDQM, US FDA cGMP, and ISO standards. All the production line granted China NMPA GMP, and the lyophilized powder for injection line granted EU GMP and Brazil ANVISA GMP. The products cover 6 major therapeutic areas: prevention and treatment of thrombotic diseases, antibacterial drugs, new analgesics, nervous system, digestive system, and respiratory system.
