Polski Lek

Polski Lek

Polski Lek Sp. z o.o., part of MASPEX Group, is a manufacturer and supplier of dietary supplements, and medical devices of the highest quality.

Our comprehensive line of products encircles life itself - addressing important health needs from childhood to the golden years.

We are a manufacturer of high quality products that are produced according to GMP guidelines and standards set by IFS and HACCP. At our disposal we have well trained, highly qualified staff, modern, well-equipped premises and high-tech machinery that meet all the requirements of EU regulations and legislation.

Polski Lek offers also first-class, high quality services in the field of contractual manufacturing of foodstuffs, in particular dietary supplements and enriched products in the form of tablets, including effervescent tablets, pills, lozenges, granules and powders.

Our products have received recognition by some of the most demanding customers around the world. We are therefore confident that we will gain yours as well. We offer you the choice of the wide scope of our services and products either under our or your own branding, whichever will be the best solution for you.

LINE FOR PREGNANT WOMEN

Our line of products is specifically designed for pregnant women, those planning pregnancy and lactating. Unique compositions of natural ingredients were selected to be both effective and safe for you and your child. Our line of products allows safe assistance during periods of decreased immunity. Having in mind exceptional demands of women during those 9 months we have created Prenalen, Actifolin and Omegamed Pregna.

ACTIVE FORM OF FOLATE	400 ug	200% NRV*

*NRV - DAILY NUTRIENT REFERENCE (ADULTS)

Content of vitamins, minerals and other active ingredients in 1 tablet:

ACTIFOLIN		
FOLIC ACID	1000 ug	500% NRV*
ACTIVE FORM OF FOLATE	1000 ug	500% NRV*

*NRV - DAILY NUTRIENT REFERENCE (ADULTS)

CHIRO-D

DOSAGE: 1 tablet daily

CONTENT: 30 tablets

Chiro-D is dietary supplement in form of easy-to-swallow tablets containing high dose of Vitamin D3.

Vitamin D3 supplementation is recommended in case of its deficiency, weakened immunity, osteoporosis and malabsorption of calcium and phosphorus, especially during winter months.

Content of active ingredients in 1 tablet:

VITAMIN D3	50 mcg - 2000 IU
	125 mcg - 5000 IU

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS (ADULTS)

CHIRONEMIA

DOSAGE: 1 tablet a day

CONTENT: 30 tablets

Tablets containing iron, lactoferrin, folic acid, vitamin C, B6 and B12.

Chironemia contains iron in form of ferrous bisglycinate which contribute to formation of red blood cells and haemoglobin, reduction of tiredness and fatigue and plays a role in normal oxygen transport.

Lactoferrin is a natural protein, a transferrin that regulates the concentration of iron ions in the blood plasma and transports them to the tissues. Lactoferrin stimulates the development of a beneficial intestinal microflora and together with vitamin C supports healthy immune functions.

Vitamin B6 contributes to normal energy-yielding metabolism and regulation of hormonal activity.

Folates contribution to normal psychological functions, maintenance of normal vision and reduction of fatigue.

Content of vitamins, minerals and other active ingredients in 1 tablet:

IRON	40 mg	286 % NRV*
LACTOFERRIN	10 mg	-
FOLIC ACID	400 mcg	200% NRV*
VITAMIN B12	100 mcg	4000% NRV*
VITAMIN B6	15 mg	1071% NRV*
VITAMIN C	40 mcg	50% NRV*

*NRV - DAILY NUTRIENT REFERENCE (ADULTS)

CHIROFOL

DOSAGE: 1 tablet a day

CONTENT: 30 tablets

Chirofol in form of easy-to-swallow tablets contains methyl tetrahydrofolate with high dose of vitamins B6 and B12.

Vitamin B12 contributes to normal homocysteine metabolism, reduction of tiredness and fatigue and plays a role in the process of cell division.

Vitamin B6 contributes to normal energy-yielding metabolism, normal red blood cell formation and regulation of hormonal activity. Vitamin B6 contributes in prevention of morning sickness.

Content of vitamins, minerals and other active ingredients in 1 tablet:

VITAMIN B6	15 mg	1071% NRV*
VITAMIN B12	20 mcg	800% NRV*
Folic acid of which active folate (6S)-5-methyltetrahydrofolic acid	400 mcg	200% NRV*

*NRV - DAILY NUTRIENT REFERENCE (ADULTS)

CHIROGYN

DOSAGE: 1 sachet daily CONTENT: 30 sachets

Chirogyn is a safe and effective product containing myo-inositol improving insulin resistance for the management of PCOS (polycystic ovary syndrome), glutathione, folic acid and other active ingredients that support woman during menstrual cycles.

Myo-inositol is a safe and effective naturally occurring substance that improves insulin resistance for the management of PCOS.

Zinc- contributes to normal fertility and reproduction, contributes to normal macronutrient metabolism and has a role in the process of cell division

Manganese-contributes to normal energy-yielding metabolism

Vitamin B6- contributes to normal functioning of the nervous system and contributes to the regulation of hormonal activity

Folic acid- contributes to the reduction of tiredness and fatiguee.

Content of vitamins, minerals and other active ingredients in 1 sachet:

MYO INOSITOL	2000 mg	-
ALPHA-LIPOIC ACID	70 mg	-
D-CHIRO-INOSITOL	15 mg	-
FOLIC ACID	400 µg	200% NRV*
MANGANESE	1,8 mg	100% NRV*
VITAMIN B12	2,5 µg	100% NRV*
CALCIUM	200 mg	25% NRV*
ZINC	10 mg	100% NRV*
VITAMIN B6	1,4 mg	100% NRV*
VITAMIN D3	5 µg	100% NRV*

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS AND MINERALS (ADULTS)

CHIROMAN

DOSAGE: 1 sachet daily CONTENT: 30 sachets

Chiroman is a product containing L-carnitine, L-arginine, N-acetyl L-cysteine (NAC), Tribulus terrestris, Maca root, Ginkgo biloba, vitamin E and complex of minerals recommended for men looking for:

- support for the male body, fertility and vitality
- support in maintaining the balance of male hormones

Zinc contributes to normal fertility and reproduction, contributes to the maintenance of normal testosterone levels in the blood, it has a role in the process of cell division.

Manganese contributes to normal energy-yielding metabolism

Selenium contributes to normal spermatogenesis.

L-carnitine is an amino acid most abundant in muscles. It takes part in lipid metabolism, resulting in the production of energy needed by the body's cells.

L-arginine is an amino acid, it is a precursor in the synthesis of proteins and other compounds of fundamental importance in biochemical transformations, e.g. polyamines (putrescine, spermine, spermidine)

N-acetylcysteine is a simple organic compound, a derivative of the amino acid L-cysteine and a precursor of glutathione - one of the most important antioxidants in the body.

Tribulus terrestris supports sexual abilities.

Maca Root helps maintain natural sexual activity and energy

Content of vitamins, minerals and other active ingredients in 1 sachet:

L-CARNITINE	500 mg	-
L-ARGININE	500 mg	-
N-acetyl L-cysteine (NAC)	250 mg	-
Tribulus terrestris	250 mg	-
MACA root	300 mg	-
Ginkgo biloba	100 mg	-
SELENIUM	50 µg	91% NRV*
MAGNESIUM	350 mg	93% NRV*
VITAMIN E	250 mg	2083% NRV*
ZINC	15 mg	150% NRV*

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS AND MINERALS (ADULTS)

PLUSSSZ JUNIOR

AQUAMIN (FROM CALCAREOUS ALGAE LITHOTHAMNION SP.)	400 mg	—
INCLUDING CALCIUM	120 mg	15% NRV*
HYDROLYZED COLLAGEN	1000 mg	—
HYALURONIC ACID	2 mg	—
VITAMIN C	80 mg	100% NRV*
VITAMIN D3	5 mcg	100% NRV*
ZINC	10 mg	100% NRV*
MANGANESE	2 mg	100% NRV*

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS AND MINERALS (ADULTS)

REUMIN

DOSAGE: 1 tablet a day CONTENT: 20 tablets FLAVOUR: orange

One tablet of Reumin contains a high dose of glucosamine, chondroitin, manganese, collagen, nettle leaf extract and vitamin C. Glucosamine is commonly used as a dietary supplement to treat joint disorders like osteoarthritis.

Product is recommended to supplement the diet with manganese, which helps in proper creation of connective tissue and supports the maintenance of healthy bones and Vitamin C which supports collagen synthesis and proper functioning of cartilages.

Content of active ingredients in 1 tablet:

GLUCOSAMINE SULPHATE	1350 mg	—
CHONDROITIN SULPHATE	10 mg	—
NETTLE LEAF EXTRACT (URTICA DIOICA L.)	10 mg	—
COLLAGEN	10 mg	—
VITAMIN C	12 mg	15% NRV*
MANGANESE	1 mg	50% NRV*

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS AND MINERALS (ADULTS)

TRAVELOK!

DOSAGE: 1 tablet a day CONTENT: 30 tablets

TravelOK! is a dietary supplement in form of small tablets for people who feel discomfort when travelling regardless of the means of transport. TravelOK! contains ginger (Zingiber officinale Roscoe) which reduces discomfort (vomiting, dizziness) during travel by car, plane or boat.

Content of active ingredients in 1 tablet:

GINGER EXTRACT	150 mg
----------------	--------

SYLIMARIN

DOSAGE: 1/2 tablets a day CONTENT: 30 tablets

Sylimarin is a dietary supplement for people suffering from digestive discomfort. It helps in proper functioning of the liver and maintenance of physiological cleansing functions. Silymarin has a protective impact and facilitates regeneration of liver cells.

Content of active ingredients in 1 tablet:

MILK THISTLE EXTRACT	100 mg
INCLUDING SYLIMARIN	70 mg

GASTRIMAX

DOSAGE: up to 3 tablets a day, when needed CONTENT: 12 chews FLAVOUR: mint

Gastrimax mint lozenges alleviate symptoms associated with hyperacidity such as heartburn, indigestion, nausea, a feeling of fullness or heaviness in the stomach. Calcium and magnesium contained in the product quickly neutralise hydrochloric acid in the stomach. Inulin, a natural prebiotic, supports the proper functioning of the digestive system.

Content of active ingredients in 1 chew:

CALCIUM	300 mg	37,5% NRV*
MAGNESIUM	60 mg	16% NRV*
INULIN	100 mg	—

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS AND MINERALS (ADULTS)

CLIMESTON

DOSAGE: 1 tablet a day CONTENT: 30 film-coated tablets

Climeston is a dietary supplement containing red clover extract and osteo complex which help women to cope with symptoms of menopause, maintain healthy bones and help in proper functioning of digestive enzymes.

Content of active ingredients in 1 tablet:

EXTRACT FROM LEAVES AND FLOWERS OF RED CLOVER (TRIFOLIUM PRATENSE L.)	200 mg	—
INCLUDING ISOFLAVONES	80 mg	—
VITAMIN K2 - MK-7	7,5 µg	50% NRV*
VITAMIN D3	50 µg	1000% NRV*
CALCIUM	120 mg	15% NRV*

*NRV - DAILY REFERENCE INTAKES FOR VITAMINS AND MINERALS (ADULTS)

ACTIFEROL-BIOABSORBABLE IRON

Actiferol is a unique line of Iron products with unique technology of micronized and dispersible ferric pyrophosphate which shows good tolerance and high efficiency – 2 x higher bioabsorption without side effects. Actiferol is not released in the stomach, it is slowly released into the duodenum, which assures high assimilation. Product comes in form of white powder, which does not change the taste of the drink and meal and does not color the teeth. Actiferol comes in 4 different dosages.

Actiferol START for newborns, infants and adults:

- born prematurely
- of low birth weight
- with a physiological anemia

1 SACHET CONTENT:

DHA from SEA ALGAE
in different forms
suitable for You and Your family

OMEGAMED

DHA contained in Omeamed is directly extracted from marine algae *Schizochytrium* sp., which are the primary and safe source of DHA. This results in a better taste, smell and also higher efficacy and excellent tolerance.

Pure Algae *Schizochytrium* sp. are cultured under controlled conditions outside the contaminated marine areas. This ensures no contact with potentially dangerous pollutants which occur in the environment, such as: dioxins, methyl mercury, polychlorinated biphenyls (PCBs).

Ideal High efficacy and safety of DHA are confirmed by clinical trials and long tradition of its use.

Marine algae - the primary source of DHA cultured under controlled conditions, outside of polluted water areas.

Algae oil extracted in technological process, source of DHA

Did You know that about POLAND ?

30% of the country's land is covered by forests

Poland has **the oldest constitution** in Europe and is also the second oldest country to have a constitution formed (after the USA constitution)

Poland is the **biggest exporter of Amber** in the world

Poland is home to the world's oldest restaurant. Piwnica Swidnicka is a popular **restaurant** among the tourists in Wroclaw, which has been **open since 1275**.

Polish are among the most educated people in Europe. 90% of them complete secondary school and 50% have a degree.

Nicolaus Copernicus, the first person to state the theory that the Earth was not the centre of the universe is one of the famous among the Polish. **Hevelius** is also a Polish astronomer, who created first maps of the Moon.

Frédéric Chopin (Fryderyk Szopen), is Poland's most famous composer.

Poland is home to the **world's biggest castle**

The Castle of the Teutonic Order in Malbork is the largest castle in the world by land area. Originally built in the 13th century as a Teutonic castle and fortress, it's also a UNESCO World Heritage Site. Speaking of which, Poland is home to a remarkable 15 UNESCO World Heritage Sites!

Poland has one of the **world's oldest salt mines**

Have you ever been inside a salt mine? When you visit Poland with Trafalgar, we'll take you to see the 800-year-old Wieliczka Salt Mine, one of the oldest in the world. It's famed as the Underground Salt Cathedral of Poland and you'll see chambers, sculptures, salt chandeliers, and an entire chapel carved from rock salt when you venture 135 metres (440 feet) below the ground with your guide.

Europe's heaviest animals live in Poland

The endangered European bison, or the wisent, is the heaviest land animal in Europe, weighing over 600kg on average. They can be found roaming on the 150,000 hectares of the Białowieża Primeval Forest in Poland – the last primaeval forest in Europe, that once sprawled across the continent thousands of years ago.

University is free in Poland

Higher education in Poland is free for Polish citizens. International students usually have to pay a very low tuition to study in Poland. The oldest university in Poland - The Jagiellonian University - was founded by King Casimir III in 1364.

The image features a white background with a subtle wood-grain texture. Several bright green leaves with prominent veins are scattered around the edges, framing the central text area.
