

A good supply of vitamins and minerals and a balanced electrolyte balance are particularly important in old age.

The minerals magnesium and calcium contained in **ElectroSupraX** support the electrolyte balance, muscle function and the maintenance of bones and teeth. Vitamins C, B1, B2, niacin, B6, biotin, B12 and magnesium play an important role to a good functioning of the nervous system. Vitamins B1, B2, niacin, pantothenic acid, B6, biotin, B12, calcium and magnesium also contribute to the well-being in old age, because they contribute to normal energy-yielding metabolism. Vitamin D, selenium and zinc support the immune system.

**Product information of product sample ElectroSupraX**

**Product description:** Food supplement with vitamins and minerals  
With sweetener

**Flavour:** Cherry

**Presentation:** Reddish powder; 6,0 g per serving
