

PhaseoLean®

(White Kidney Bean Extract)

PhaseoLean® is a White Kidney Bean extract which has been clinically proven to support weight management. It has significant α -amylase and α -glucosidase inhibition activity which makes it effective in reducing BMI, Fat mass, Skinfold fat thickness and waist/hip/thigh circumferences

PhaseoLean : HEALTH BENEFITS

- Supports weight management
- Anti-adipogenic activity
- Supports blood sugar management

DOSAGE:

1500 mg per day (500 mg x 3)
before every meals

DELIVERY FORMAT:

- Powder
- Capsules
- Tablets
- Health Drink
- Meal Replacement

Human Clinical Trials

Safety and efficacy of **Phaseolean** in weight management has been clinically proven. A Double Blind, Randomized, Placebo Controlled study on humans was conducted to assess various parameters related to weight. The result are as below:

2.1 Kg*

Mean Body Weight Loss

3.05%*

Average BMI Reduction

2.53 inches*

Average Waist Circumference Reduction

24.86 mm*

Average Skin Fold Fat Thickness Reduction

3.02 inches*

Average Thigh Circumference Reduction

3.19 inches*

Average Hip Circumference Reduction

*Double blind placebo controlled 45 days clinical study

In-vitro cell studies

- Inhibitory effects on **α-amylase** enzyme
- Inhibitory effects on **α-glucosidase** enzyme
- **Anti-adipogenic** property
- **Anti-diabetic** property

SPECIFICATION:

- Standardized for α-amylase Inhibitor
- Rich source of natural antioxidant – Polyphenols
