

# AKBA Ultra®

(Boswellia Serrata Extract)

## Clinically Tested:

### Safety & efficacy in the management of Osteoarthritis symptoms

- Reduces joint pain and improves physical functioning significantly in OA patients
- Reduction in VAS\* score, LF\* score, WOMAC\* pain, stiffness & function scores
- Improvement in joint mobility & comfort
- Decrease in the levels of inflammatory marker

## AKBA ULTRA: HEALTH BENEFITS

- 🦴 Management of Osteo-Arthritis symptoms
- 🦴 Improvement in bone & joint health
- 🦴 Helps to prevent loss of cartilage
- 🔥 Anti-inflammatory and analgesic

## Other Benefits:

- 🦴 Reduces symptoms of Irritable bowel syndrome
- 🦴 Reduce symptoms of Bronchial asthma

## DOSAGE:

500mg twice a day.

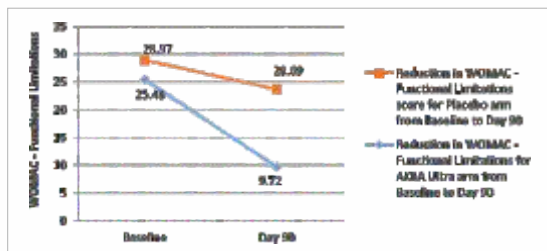

## DELIVERY FORMAT:

- Powder
- Capsules
- Tablets

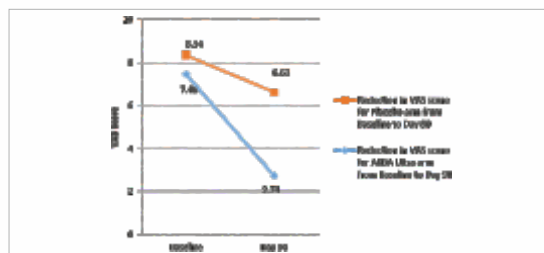

## Clinical Test Result: WOMAC score

Disease-specific tool to measure physical functions, pain and stiffness

Change in WOMAC - Functional Limitations score for AKBA Ultra vs Placebo in 90 days

Change in VAS score for AKBA Ultra vs Placebo in 90 days

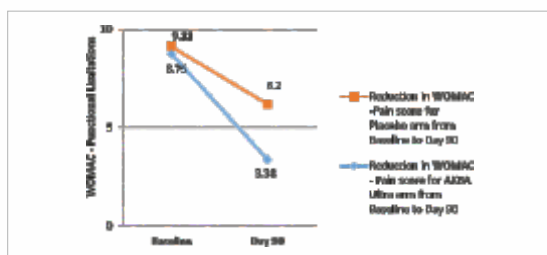

VAS (Visual Analog Scale) pain scale

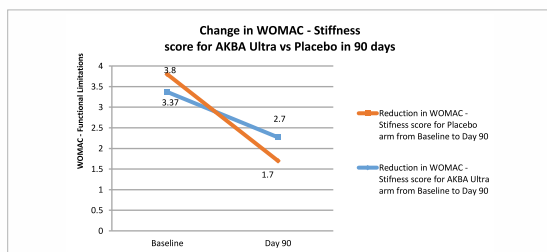

## CLINICALLY TESTED:

Safety and efficacy of AKBA Ultra® in the management of Osteoarthritis symptoms has been clinically proven. A Double Blind, Randomized, Placebo Controlled study on humans was conducted to assess pain, stiffness and physical function using Western Ontario and McMaster Universities' Osteoarthritis Index (WOMAC), Lequesne's Algofunctional Index (LFI) and Visual Analog Scale (VAS) scores.

Change in WOMAC - Pain score for AKBA Ultra vs Placebo in 90 days

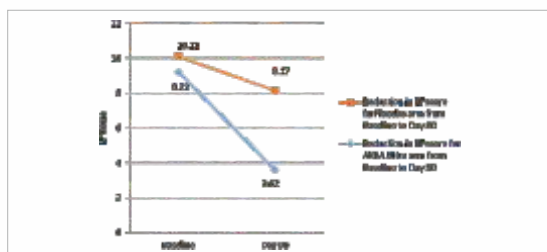

Change in WOMAC - Stiffness score for AKBA Ultra vs Placebo in 90 days

## Clinical Test Result : LF & VAS score

Disease-specific tool to measure severity of osteoarthritis and acute & chronic pain

Changes in LF score for AKBA Ultra vs Placebo in 90 days

LF : Lequesne's Functional Index

## SPECIFICATION:

- Standardized with 30% AKBA (3-O-acetyl-11-keto-β-boswellic acid) active content
- 40-50% total Boswellic Acid (by HPLC)
- 75-85% total Boswellic Acids (By titration)
- Contains 5 major forms of Boswellic Acids
