Zhejiang Xieshi New Materials Co., Ltd.

www.xieshichem.com

COMPANY PROFILE

Zhejiang Xieshi New Materials Co., Ltd. is a well-established high-tech enterprise in chemical R&D, production and sales. It is globally recognized as an industry leader in providing fluorinated specialty chemicals serving markets in a variety of applications. These include liquid crystals, pharmaceutical chemicals, and agrochemicals.

Xieshi's headquarters and its R&D center are located in Shaoxin with total area of 100,000 square meters. With total investment of 100 million CNY, our R&D center has state-of-art analytical and research instrumentation to support its research, development and manufacturing operations. Xieshi has significant production campuses in Zhejiang Shaoxing. We provide high quality products with competitive prices in a timely manner meeting our customers' requirements. Xieshi provides a one-stop-shop service fulfilling all of our customer needs from initial benchtop R&D to commercial production.

As a technology oriented company, we wish to create increased value for our customers through a continuous focus on innovative technologies. Xieshi's credibility and reputation is based on decades of expertise in R&D and manufacturing. We have established long-term relationships and collaborations with many of our customers.

WE FOCUS ON THE FOLLOWING REACTIONS

- | | | | |
|---|-------------------------|----|--------------------------|
| 1 | Fluorination | 9 | Amination |
| 2 | Bromination | 10 | Alkylation |
| 3 | Chlorination | 11 | Grignard reaction |
| 4 | Nitration | 12 | Condensation reaction |
| 5 | Hydrogenation(Pd/C, Pt) | 13 | Oxidation |
| 6 | Diazotization | 14 | Suzuki coupling reaction |
| 7 | Esterification | 15 | Lithiation |
| 8 | Cyanogenation | 16 | Friedel-crafts reaction |

Reactions size from 50L to 8000L

Reaction Temperature from -70°C to 300°C

Our vision is to become one of the world first -class enterprises for organic fluorine chemicals

Committed to satisfying employees, customers, and society

Our aim is that Xie's people to live a happy life
