Dedicated to Innovation and Quality

INTRODUCTION

Novopharm was established in 2015, which is at the forefront of the pharmaceuticals, dietary supplement, medical devices and cosmetics industry, distinguished by a customer-centric approach. Our modern factory is located in Ha Nam province, covers more than 21,000 square meters and specializing in oral liquid, eye drops, spray products, hard capsules, suppositories, gel, cream with other special dosage forms, we have cultivated a strong presence in the most demanding markets.

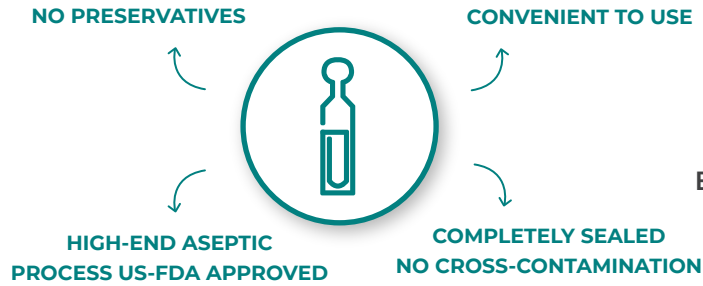

Our factory was certified to meet WHO-GMP, GSP, GLP, GDP standards for good medicine manufacturing and distribution practices. Besides, we also got other certificated proved our quality such as ISO, CE, HALAL, cGMP, HACCP,

Through almost decade of endless efforts, we are confident that our products can cross the oceans and support people's health in many countries.

Our core value is a firm commitment to rigorous Quality Control (QC) and Quality Assurance (QA) processes have positioned us as one of the most reliable player in the Vietnamese pharmaceutical ecosystem. Adherence to WHO-Good Manufacturing Practices (WHO-GMP) is integral to our operations. Continuous innovation and improvement initiatives across products, processes, and skills ensure our offerings evolve to meet changing client needs.
