

Globe
International

The Standard For Healthier Life

About Us

Globe International "Globe" is a vibrant, international, company in tune with the needs of our customers. Our aim is to advance the Pharmaceutical, Medicated Cosmetics, Dietary Supplements, and Medical Devices therapeutic categories, through producing a range of international standards quality, yet affordable, branded generics which are trusted by healthcare professionals as well as patients.

Globe is one of the fastest growing pharmaceutical companies in Egypt, which was launched in 2012.

At **Globe**, we capitalize on our management team substantial expertise built in multinational organizations for years in leading, directing, and developing our business in the pathway for success.

Globe has an efficient business teamwork of 500 loyal and professional employees.

Globe's founders and current board of directors have decades of market presence and experience in the pharmaceutical industry through which developed:

- A strong reputation for safety, quality and reliability.
- Innovative product design features.
- Focused research and development.
- An empathetic and empowering approach to marketing and customer service.

Purpose

To create a difference in lives of people through innovation & passion.

Vision

We aspire to be recognized by our customers, employees and shareholders as the best value healthcare provider.

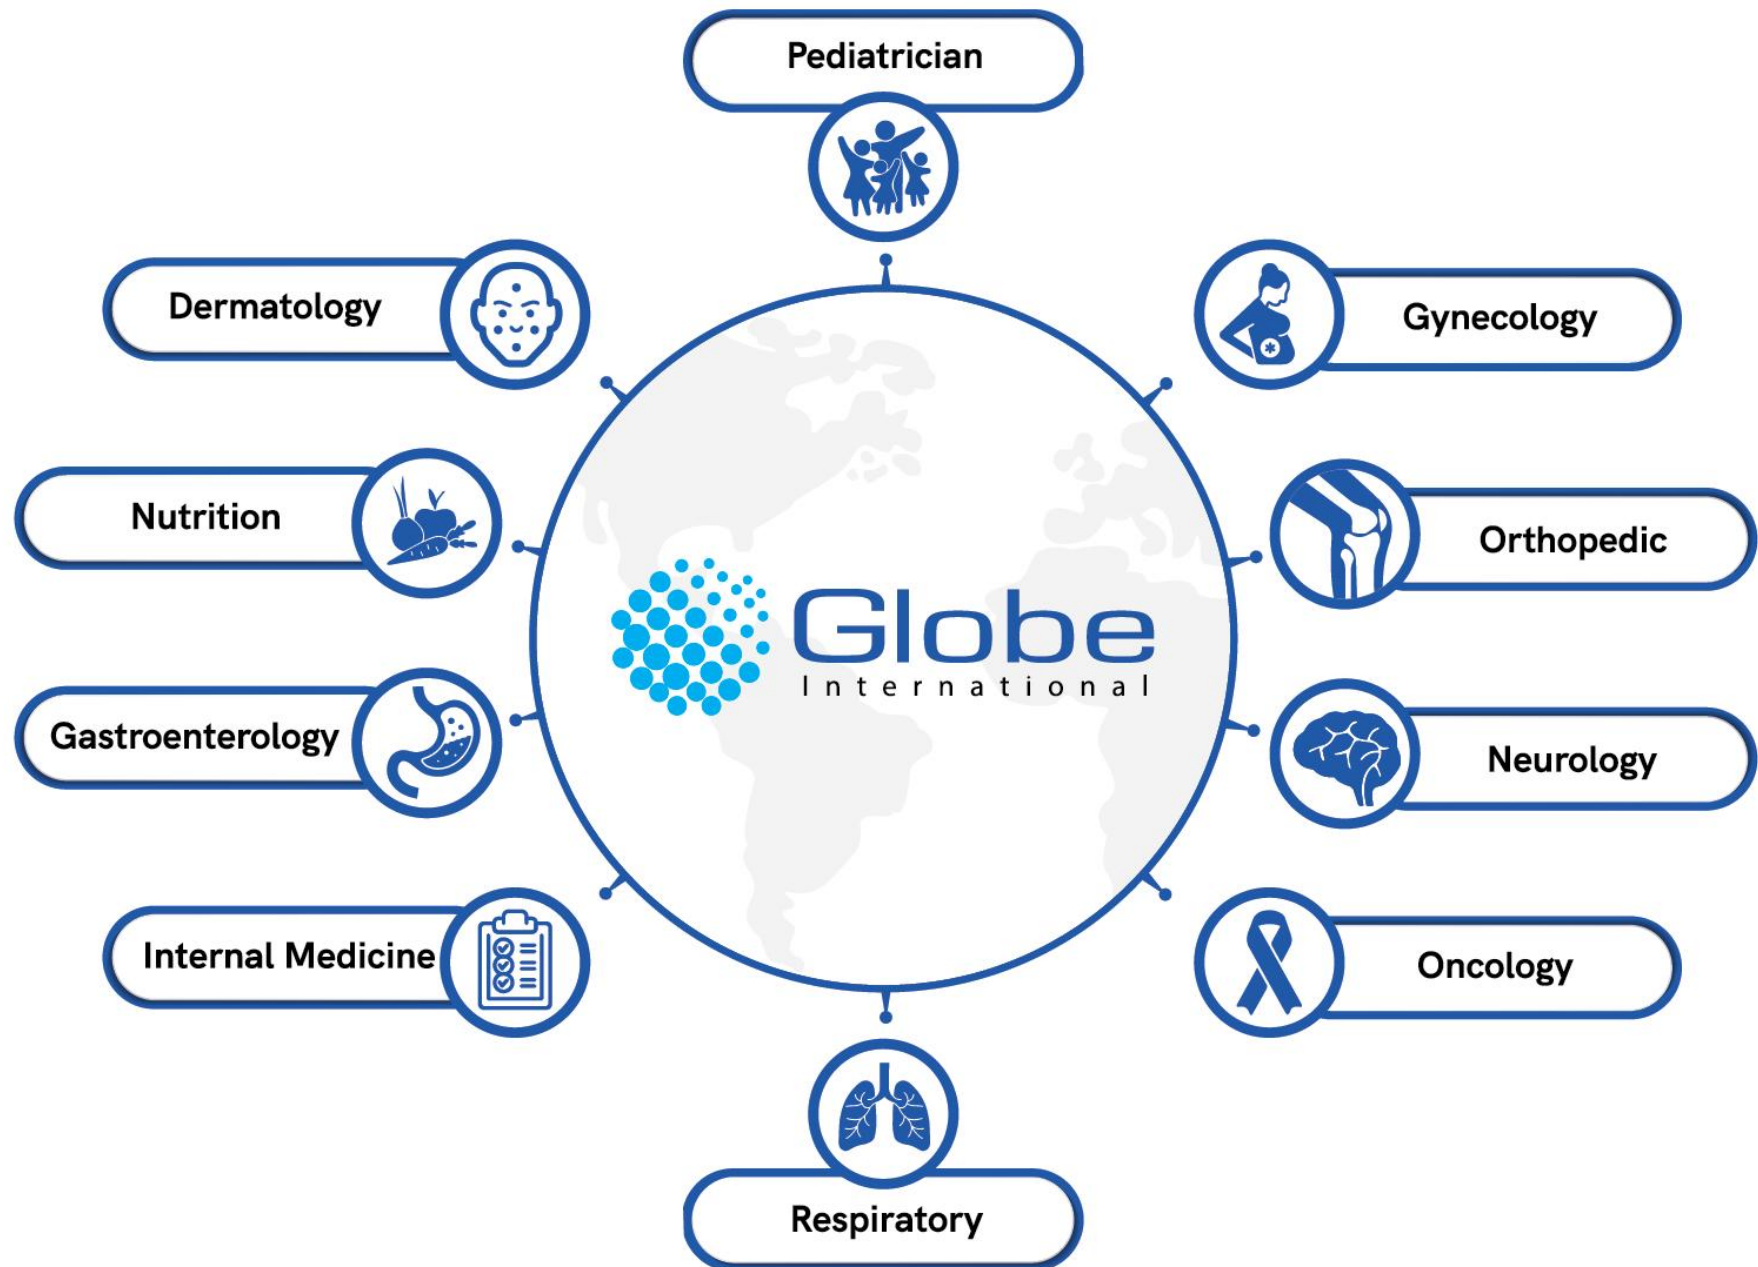

Mission

We are committed to provide the best solution for unmet needs in healthcare challenges through products of outstanding value to our customers in diversified therapeutic areas.

**Globe's Presence
Worldwide**

Pediatrician

LELIPEL

Montelukast Sodium 4 mg

LELIPEL (montelukast sodium) is a selective and orally active leukotriene receptor antagonist that specifically inhibits cysteinyl leukotriene CysLT₁ receptor.

Indications:

- For the prophylaxis and chronic treatment of asthma in pediatric patients.
- Prevention of exercise-induced bronchoconstriction.
- Relief of symptoms of allergic rhinitis (seasonal allergic rhinitis and perennial allergic rhinitis).

Based on:

Montelukast Sodium 4 mg.

Other ingredients:

Mannitol hydroxypropyl cellulose and magnesium stearate.

Speciality: Pediatrician.

Reg. classification: Medicine.

Shelf life: 36 Months.

Volume: 14 Sachets.

LELIPEL

Montelukast Sodium 5 mg

LLELIPEL (montelukast sodium) is a selective and orally active leukotriene receptor antagonist that specifically inhibits cysteinyl leukotriene CysLT1 receptor.

Indications:

- For the prophylaxis and chronic treatment of asthma in pediatric patients.
- Prevention of exercise-induced bronchospasm.
- Relief of symptoms of allergic rhinitis (seasonal allergic rhinitis and perennial allergic rhinitis).

Based on:

Montelukast Sodium 5 mg.

Other ingredients:

Mannitol hydroxypropyl cellulose and magnesium stearate.

Speciality: Pediatrician.

Reg. classification: Medicine.

Shelf life: 36 Months.

Volume: 20 Chewable Tablets.

ferrodep

Syrup

Ferrodep® is a food supplement based on Sunactive® Fe (microencapsulated ferric pyrophosphate) and Vitamin C useful to fill dietary deficiencies or increased requirements for these nutrients.

Indications:

- Iron contributes to the normal formation of red blood cells and hemoglobin, thus favouring proper transportation of Oxygen in the body.
- It supports the normal energy metabolism, reducing weakness and fatigue.
- Vitamin C increases the absorption of Iron.

Allerdep

Nasal Spray

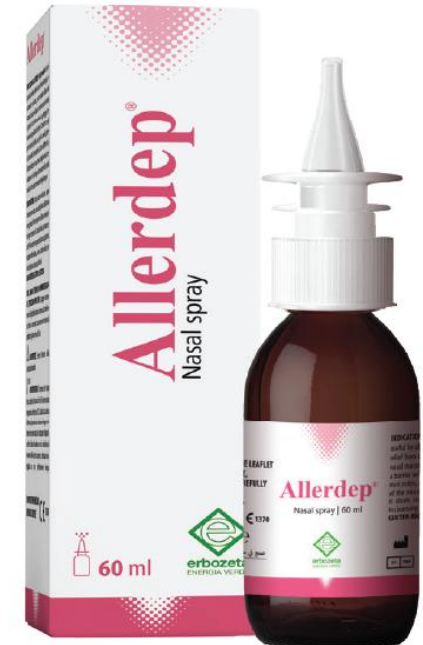

Allerdep® is a medical device in spray for nasal mucosa.

Indications:

- Acute and chronic rhinitis.
- Allergic rhinitis.
- Non-Allergic rhinitis.
- Turbinate swelling.
- Nasal polyps and sinusitis.
- Nasal wash after rhinitis surgery.
- Nasal congestion.
- Stuffy and runny Nose.
- Post-operative.
- NARES / NARESMA.

Ingredients:

Demineralized water,
concentrated seawater, glycerine
macerate of black alder gems,
black currant buds, dog rose
young shoots, calendula flower ex
tract, dry extract of perilla seeds,
manganese gluconate, glycerin,
carboxy methyl cellulose, flavour,
malic acid, potassium sorbate,
sodium benzoate.

Speciality: Pediatrician.

Reg. classification: Medical Device.

Shelf life: 36 Months.

Volume: 60 ml Bottle with Nasal Spray Dispenser.

Origin: 

INFLUPROP

Nasal Spray

Influprop® nasal spray is a hypertonic hydro-saline solution which loosens mucus and decongests the sore nasal mucus membrane. It helps the secretions drainage and it is also useful to keep the nasal cavities clean in case of cold, sinusitis and rhinosinusitis; it clears blocked nose and improves breathing.

Indications:

Treatment of common cold symptoms, rhinosinusitis and sinusitis, thanks to the barrier effect of Sodium Hyaluronate and its Polysaccharide component, it protects and soothes the sore nasal mucus membrane, hydrating and would healing them.

Based on:

Demineralized water, water concentrated sea fish, sodium hyaluronate, hydro-glyceric extract of echinacea, hydro-glyceric extract of calendula, carboxymethylcellulose, copper gluconate, malic acid, potassium sorbate, sodium benzoate.

Other ingredients:

Hydro-glyceric extract of Calendula, carboxymethylcellulose, potassium sorbate, sodium benzoate.

Speciality: Pediatrician.

Reg. classification: Medical Device.

Shelf life: 36 Months.

Volume: 65 ml Bottle with Nasal Spray Dispenser.

Origin: 

Respidep

Syrup

Respidep Syrup supports bronchial function and supports immune system.

Indications:

Mucolytic and expectorant to improve the respiratory function of children who have cough and chronic bronchitis.

Origin: 

Elonda

0.5 mg Cabergoline

Elonda is 0.5 mg Cabergoline (a dopaminergic ergoline derivative) endowed with a potent and long-lasting PRL-lowering activity. It acts by direct stimulation of the D₂-dopamine receptors on pituitary lactotrophs, thus inhibiting PRL secretion.

Indications:

- Inhibition/suppression of physiological lactation.
- Treatment of hyperprolactinemic disorders, including:
 - Amenorrhoea, oligomenorrhoea, anovulation and galactorrhoea.
 - Prolactin-secreting pituitary adenomas (micro and macroprolactinomas).
 - Idiopathic hyperprolactinaemia, or empty sella syndrome with associated hyperprolactinaemia.
- Decrease incidence of OHSS.

Based on:

0.5 mg Cabergoline.

Other ingredients:

Lactose anhydrous, leucine, Magnesium stearate.

Speciality: Gynecology.

Reg. classification: Medicine.

Shelf life: 24 Months.

Volume: 2 Tablets.

Hystrogest

200 mg Micronized Progesterone

Hystrogest is a 200 mg Micronized Progesterone.

Indications:

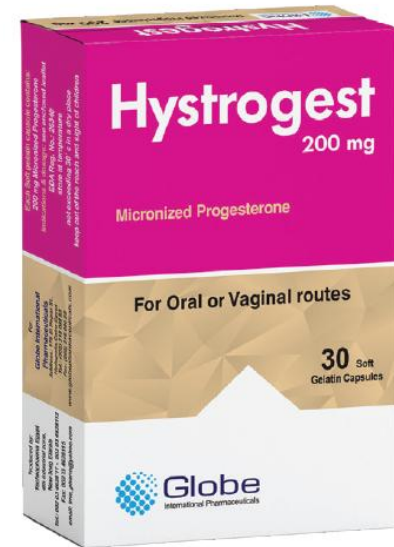

- Supplementation of the luteal phase during ART.
- Prevention of recurrent Miscarriage and preterm birth with a singleton pregnancy who have a short cervix (mid-trimester sonographic cervix ≤ 25 mm) and/or a history of spontaneous preterm birth.

Based on:

200 mg Micronized Progesterone.

Other ingredients:

Peanut oil, soyalecithin 45%, gelatin, andrisorb, glycerol, sodium ethyl hydroxy benzoate, sodium propyl hydroxy benzoate, titanium dioxide powder, iron oxide brown powder, purified water.

Speciality: Gynecology.

Reg. classification: Medicine.

Shelf life: 24 Months.

Volume: 30 Soft Gelatin Capsules.

LOGUSGYN

Suppositories

LOGUSGYN is a Lactobacillus Suppositories.

Indications:

- Bacterial vaginosis.
- Mycotic vulvovaginitis.
- Vaginitis due to trichomonas or chlamydia.
- Viruses (Herpes, Hpv).
- Alterations of the vaginal environment due to antibiotic therapies and/or hormonal imbalance.

Based on:

Lactobacillus suppositories.

Ingredients:

- ImmunoBlend - mix of tyndallized ferments (lactobacillus casei, lactobacillus acidophilus, lactobacillus plantarum, streptococcus thermophilus).
- Sunfiber® - partially hydrolyzed guar fibre.
- Lactic acid.
- Fat-soluble extract of pot marigold (calendula officinalis).
- Vit. A and Vit. E.

Speciality: Gynecology.

Reg. classification: Medical Device.

Shelf life: 24 Months.

Volume: 10 Vaginal Suppositories.

Origin: 

Inodep

Capsules

Inodep is a unique product based on combination of myoinositol, d-chiro inositol, α -lactalbumin and folic acid. A dietary supplement that helps treat polycystic ovary syndrome, restore hormonal balance and a regular menstrual cycle.

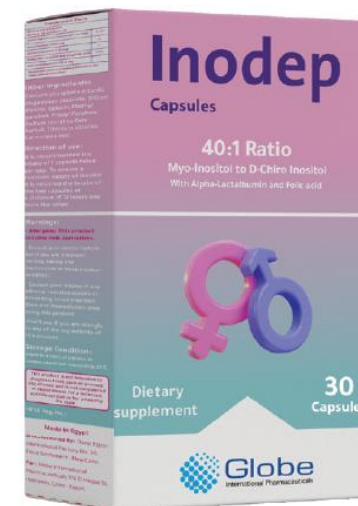

Indications:

- For disturbed hormonal balance and irregular menstruation.
- For hyperandrogenism and hirsutism.
- For acne and other skin problems.
- For infertility problems (sterility).
- For maintaining a healthy pregnancy.
- Helps with weight problems (unwanted thickness).

| Supplement Facts | |

Reg. classification: Medicine.

Shelf life: 36 Months.

Volume: 28 Capsules.

Based on:

Omeprazole 20, 40 mg &
1100 mg Sodium Bicarbonate

Other ingredients:

Zarroprazole 20 mg / 1100 mg

Croscarmellose sodium, sodium stearyl fumarate, gelatin, titanium dioxid, brilliant blue.

Zarroprazole 40 mg / 1100 mg

Croscarmellose sodium, sodium stearyl fumarate, gelatin, methyl paraben, propyl parapen, sodium lauryl sulphate, aerosol 200, titanium dioxide, quinoline yellow, sunset yellow, brilliant blue.

Allerdep

Nasal Spray

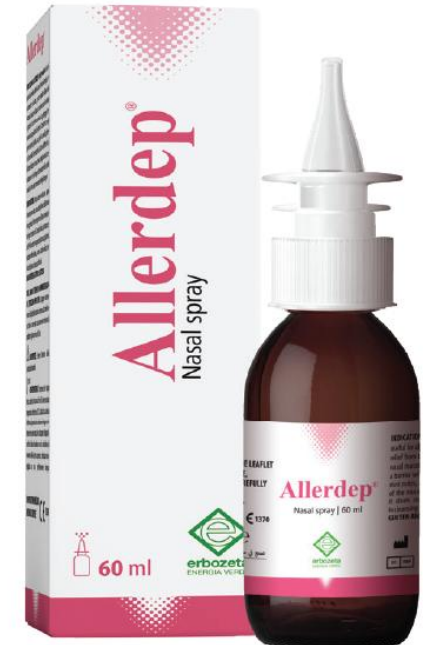

Allerdep® is a medical device in spray for nasal mucosa.

Indications:

- Acute and chronic rhinitis.
- Allergic rhinitis.
- Non-Allergic rhinitis.
- Turbinate swelling.
- Nasal polyps and sinusitis.
- Nasal wash after rhinitis surgery.
- Nasal congestion.
- Stuffy and runny Nose.
- Post-operative.
- NARES / NARESMA.

Ingredients:

Demineralized water,
concentrated seawater, glycerine
macerate of black alder gems,
black currant buds, dog rose
young shoots, calendula flower ex
tract, dry extract of perilla seeds,
manganese gluconate, glycerin,
carboxy methyl cellulose, flavour,
malic acid, potassium sorbate,
sodium benzoate.

Speciality: Respiratory.

Reg. classification: Medical Device.

Shelf life: 36 Months.

Volume: 60 ml Bottle with Nasal Spray Dispenser.

Origin: 

INFLUPROP

Nasal Spray

Influprop® nasal spray is a hypertonic hydro-saline solution which loosens mucus and decongests the sore nasal mucus membrane. It helps the secretions drainage and it is also useful to keep the nasal cavities clean in case of cold, sinusitis and rhinosinusitis; it clears blocked nose and improves breathing.

Indications:

Treatment of common cold symptoms, rhinosinusitis and sinusitis, thanks to the barrier effect of Sodium Hyaluronate and its Polysaccharide component, it protects and soothes the sore nasal mucus membrane, hydrating and would healing them.

Based on:

Demineralized water, water concentrated sea fish, sodium hyaluronate, hydro-glyceric extract of echinacea, hydro-glyceric extract of calendula, carboxymethylcellulose, copper gluconate, malic acid, potassium sorbate, sodium benzoate.

Other ingredients:

Hydro-glyceric extract of Calendula, carboxymethylcellulose, potassium sorbate, sodium benzoate.

Speciality: Respiratory.

Reg. classification: Medical Device.

Shelf life: 36 Months.

Volume: 65 ml Bottle with Nasal Spray Dispenser.

Origin: 

Floxepci

Moxifloxacin 400mg

Floxepci is a Moxifloxacin 400 mg is a broad-spectrum antibiotic used to treat a variety of bacterial infections, including sinusitis, pneumonia, and skin infections. It works by killing bacteria, preventing their growth and spread. Moxifloxacin is taken once daily orally and is effective against a wide range of bacteria, making it a valuable treatment option for many infections.

Indications:

- Treatment of acute bacterial sinusitis.
- Treatment of community-acquired pneumonia.
- Treatment of complicated skin and skin structure infections.

Based on:

Moxifloxacin 400 mg.

Other ingredients:

Microcrystalline cellulose, lactose monohydrate, croscarmellose sodium, magnesium stearate, methocel e15, methocel e5, titanium dioxide, talc, iron oxide red.

Speciality: Respiratory.

Reg. classification: Medicine.

Shelf life: 36 Months.

Volume: 10 Tablets.

LELIPEL

Montelukast Sodium 10 mg

Lelipel is a Montelukast 10 mg medication used to prevent asthma attacks and treat seasonal allergies in adults. It works by blocking the effects of leukotrienes, substances that trigger inflammation in the airways. By reducing inflammation, Montelukast helps to prevent asthma symptoms like wheezing, coughing, and shortness of breath. It is taken once daily in the evening and can be effective in improving overall lung function and quality of life for patients with asthma and allergies.

Indications:

- Asthma.
- Allergic Rhinitis.

Based on:

Montelukast 10 mg.

Other ingredients:

Microcrystalline cellulose, lactose monohydrate, croscarmellose sodium, hypromellose, magnesium stearate, polyethylene glycol, titanium dioxide, talc, iron oxide red.

Speciality: Respiratory.

Reg. classification: Medicine.

Shelf life: 36 Months.

Volume: 20 Tablets.

UNIQUE
FORMULAS
EVER

Croco Teething

Help in relieving pain and discomfort associated with tooth eruption in infants and children.

Croco Teething Gel / 25 gm
Croco Lesion Gel / 15 gm
Croco Lesion Spray / 15 ml

Croco D

Help in providing the daily requirement of Vitamin D3 that aids in many vital functions for infants and children.

Croco D Oral Drops / 30 ml
Croco DHA Oral Drops / 30 ml
Croco DHA Syrup / 250 ml
Croco D Pro Oral Drops / 30 ml
Croco D Pro / 10 Sachets each Pack

Croco Tall

Provides children with the important nutrients for growth and development.

Croco Tall Syrup / 250 ml

Croco Immunity

Provide infants and children with nutrients that help in defending the body against infections and diseases.

Croco Immune Drops / 30 ml
Croco Immune Syrup / 125 ml

Croco Vit

Provide infants and children with all the daily vitamins requirements to fill all the nutritional gaps for them.

Croco Vit Drops / 30 ml
Croco Vit Syrup / 125 ml

Croco Cal

Provide infants and children with the daily requirements of calcium that help in bone growth and development.

Croco Cal Drops / 30 ml
Croco Cal Syrup / 250 ml

Croco Fer

Provide infants and children with the daily requirements of iron that help in growth and development.

Croco Cal Drops / 30 ml
Croco Cal Syrup / 250 ml

Croco Royal

Provide infants and children with royal jelly which acts as an appetite stimulant and immune booster.

Croco Royal Infant / 20 Amp. Pack
Croco Royal Children / 20 Amp. Pack
Croco Royal Syrup / 150 ml

Croco Colic

Provides infants and children with zinc that help in cases of diarrhea.

Croco Colic Drops / 30 ml

Croco Lyte

Provides infants and children with probiotics, prebiotics and electrolytes that help in dehydration and diarrhea.

Croco Lyte / 30 Sachets each Pack

Croco Zinc

Helps in Diarrhea cases in infants and children.

Croco Zinc Syrup / 150 ml

Croco Good Night

Help in sleeping of infants and children that helps them in growing and development.

Croco Good Night Spray / 15 ml
Croco Good Night / 5 Patches each Pack

Croco Gummies

Provide our children with all the nutrients required for their general health.

Croco D / 60 Gummies
