

Halewood

Laboratories Pvt. Ltd.

GIVING
HEALTHCARE
A NEW DIMENSION !

Company Profile

Halewood Laboratories established in 1984 is a technology driven and socially conscious company. Our mission is to be a Global Pharmaceutical & Healthcare Company who helps in providing good healthcare with unique, innovative, and effective products.

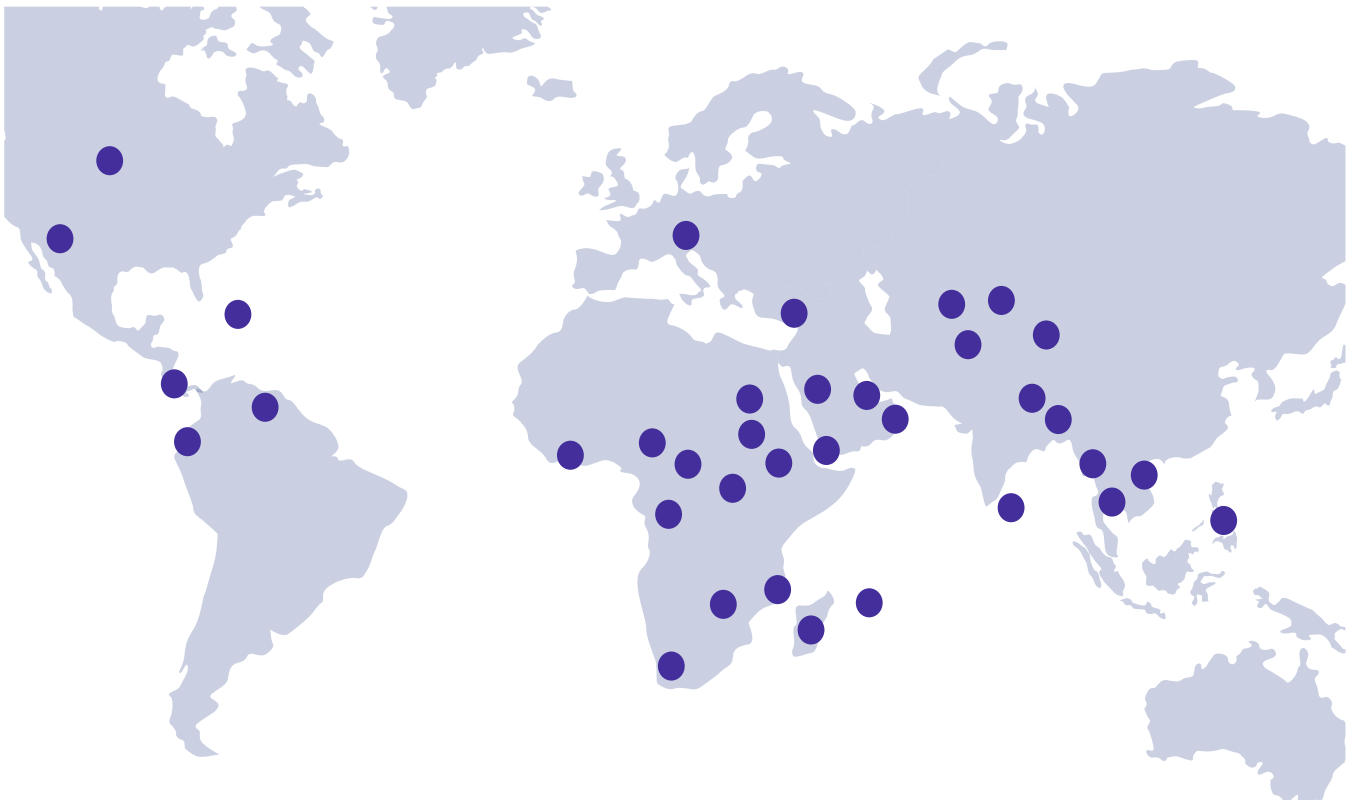

About Us

The Company was started by Mr. Kaushik S Chaturvedi, a Pharmacy graduate as a micro organization Incorporated in the year 1984 which has grown into one of the leading pharmaceutical products manufacturer in India. His business intelligence, experience and vision has allowed Halewood to grow and look at the market with one objective "MANUFACTURING OF QUALITY PRODUCTS". Halewood is having association with leading pharmaceutical companies in different segments globally. A wide range of Pharmaceutical dosage form is manufactured under different therapeutic segments viz Anti-Tuberculosis, Anti-Malarial, Anti-Biotic, Cardiovascular, Anti-Diabetic and general molecules.

Halewood is specialized in manufacturing ORS (oral rehydration Salts), Electrolyte powder / drinks from past 23 years and has the privilege of being one of the biggest manufacturer in the World, with manufacturing capacity of 2 million sachets in a day. 40% of market share is occupied by ORS manufactured by Halewood in India. The quality of Halewood product has been trusted by companies like Abbott Healthcare, Merck, Cipla, Sun pharma, Lupin etc.

Halewood has an excellent R & D division which help them to innovate ORS ready to drink & Electrolyte drinks in 2008 which turned out to be the one of the biggest & most valuable innovation in the field of Electrolytes & rehydration therapy. Halewood being innovator for ORS ready to drink hold a average of 62% of the market share in countries like India, Afghanistan, Myanmar, Nigeria, Kenya, Tanzania, Yemen, Mauritius, Sudan and more.

Exports

Halewood Laboratories, We export our formulations to various global markets. We have filed substantial numbers of dossiers in different countries across the globe, regardless of

geographic and socio-economic barriers. Halewood Lab is a technology driven pharmaceutical company with interests in research and development, manufacturing and marketing of formulations, Nutraceutical, OTC, Food & Beverages. We offer more than 200 formulations in 20 different therapeutic segments having strong presence in

Africa, SEA, CIS, Middle East and Latin American countries as well as in USA (ORS ready to drink formula & Food Supplements), Canada (Food Supplements), Europe.

We can offer CTD/ ACTD Dossiers very efficiently of all the products

Our manufacturing facility has accreditations from various International Regulatory Authorities- PPB Kenya, NAFDAC Nigeria, SBDMA Yemen, CONGO & Ivory Coast, Health Canada (For Food Supplement) & triggered for TFDA Tanzania, NDA Uganda, USA (For ORS Liquid)

Our Global Foot prints:

USA (ORS Liquid and Food Supplements), **Europe** (Food Supplement), **South East Asia**- Myanmar, Philippines, Vietnam, Cambodia, Sri Lanka, Nepal, Bhutan, **Middle East**- Qatar, Lebanon, Yemen, Afghanistan, UAE, Kingdom of Saudi Arabia, **Africa**- Kenya, Nigeria, Mauritius, Mozambique, Madagascar, Zimbabwe, Zambia, Ivory Coast, Rwanda, Congo, South Africa, Sudan, Uganda, **CIS**- Tajikistan, Kyrgyzstan, Uzbekistan, **Francophone Countries**- Canada (Food Supplements), Benin, Burkina Faso, **South America**- Venezuela, **North America**- Jamaica, **Central America**- Costa Rica, **South America**- Ecuador.

Manufacturing Facility

Our Manufacturing facilities are available in different parts of the world-

INDIA- Vatva, Ahmedabad

The infrastructure consists of separate manufacturing facilities for **Tablets , Capsules & ORS Powder (Oral Rehydration Salts) and Energy powders enriched with vitamins and minerals** and made provisions in the facilities for suitable environment with controlled temperature and humidity conditions. Along with latest machinery for production and packaging of products, separate setups for storage of raw materials and ingredients with facilities for required storage environment are also a part of the overall infrastructure.

Our production capacities are as follows:

Tablets – 10 million tablets per day

Capsules - 0.2 million per day

ORS / other oral powder Sachets - 0.6 million per day

Dry Granules powder: 15000 Kg per day

Packing – 600000 pouches per day

INDIA- Baramati, Pune

World class facility with hi-tech infrastructure and machinery. We manufacture Innovative products in Ready to Drink formulations in tetrapak - ORS, Electrolytes, Glucose and Protein.

Our production capacities :

Tetrapak Units - 0.7 Million units per day

BULGARIA- Sofia

EU standard facility with hi-tech infrastructure and machinery. We manufacture Innovative products in Ready to Drink formulations in tetrapak- ORS, Electrolyte drinks, Protein drinks etc.

Our production handling capacities are as follows:

Tetrapak Units - 0.4 Million units per day

Quality Policy

The Company has a clear, written Quality Policy which projects the company's vision and the management's commitment to Quality, the compliance to standards going beyond customer satisfaction to customer delight and achieving the objective of Quality through its infrastructure and work practices. The Quality Policy of the company is stated as : "Halewood Laboratories Private Limited is a quality oriented Pharmaceutical Organization which is 'Pledged to Ethics' to manufacture quality products that consistently meets & complies with the standards of current WHO-Good Manufacturing Practices (cGMP) in its state-of-the-art plants, to minimize the suffering of mankind through its unique and cost effective formulations."

Innovative Range

ELECTRORUSH ORS

(WHO recommended ORS- Ready to drink)

Electrorush rtd ors is unique and innovative concept developed by halewood. Ors is the combination of salts like sodium chloride, potassium chloride, sodium citrate and dextrose in eighth dose with right osmolarity. Electrorush helps in providing correct amount of electrolytes and fluids in one pack for patients suffering from dehydration and diarrhea.

Benefits:

- Recover excess loss of glucose or salt from body.
- Replenishing the blood with the required minerals or electrolytes.
- Convenient to carry.
- Works well for person suffering from dehydration
- Helps in treating diarrhea
- A good choice for athletes and trainers

Net contents	200ml
Sodium Chloride IP	0.52g
Potassium Chloride IP	0.30g
Sodium Citrate IP	0.58g
Dextrose Anhydrous IP	2.7g

ELECTRORUSH

(Oral electrolyte maintenance solution enriched with zinc supplement)

New innovation was done to have low calorie Electrolyte drink along with other vital nutrients & Minerals. This product became instant hit as it is sugar free and cover loss of electrolyte, minerals, & Nutrients.

Benefits:

- Balanced ELECTROLYTES: A flavoured way for kids and adults to replace electrolytes .
- Effective then common available beverages ages : Designed to replace fluids and electrolytes more effectively than sports drinks, it provides an optimal balance of sugar and electrolytes to prevent mild to moderate dehydration.
- Great Taste : Enjoy 200ml Tetra pak available multiple refreshing flavors.
- This is better then juice, sodas, and sports drinks , Its meets medical guidelines for helping to prevent dehydration. Whereas Juice, sodas, and sports drinks are too low in sodium, an important electrolyte that's lost due to dehydration caused by diarrhoea, vomiting, sweating, and excessive urination.
- Works great as Anti- Hangover.
- Has Zinc which helps improve immunity.

ELECTRORUSH PLUS

(Juice with electrolyte and minerals)

After innovating ORS ready to drink, we felt a need to improve further and reach to more so we invented Oral Rehydration therapy with juice to increase acceptability of the product, specially among Kids and increase the nutritional content of a Electrolyte drink.

Benefits:

- It is an innovative Natural Juice with Electrolyte, nutrients, Vitamins & Minerals. This is a effective formula with a lot benefits.
- This product is for Children & Adults
- It is enriched with minerals & vitamin C, helps in maintaining the electrolyte level in the body.
- It is very useful for Sports lovers as it prevents dehydration and muscle cramping
- Energy Booster Recommended for Athletes.

GLUCORUSH-D

Glucose-D with Vitamin D3

Glucose ready to drink is an innovative proprietary technology with Vitamin (**Vegan Source**) **D3 and Electrolytes**. We also have GlucoRush- D with Real Juice too. The research states that the Glucose with Vitamin D3 are absorbed in much better way if they are in liquid form. This provides instant energy to the body. It is very difficult to have a stable Glucose product in ready to drink format as Glucose being very unstable in liquid form but due to our technology and strong R&D we innovate this product.

Benefits :

- 20gm of Glucose per serving(200ml).
- Zero Fat.
- Zero Cholesterol.
- Gives instant energy.
- Helps fight excess heath by replenishing Glucose & Electrolytes lost from the body.
- Natural Juice with Electrolytes and Vitamins D3.
- Working as Fuel, Build Muscle, Optimising the Creatine absorption for working out and Bodybuilding.

PRORUSH FOR KIDS

PRORUSH for kids is a well-balanced nutritional supplement for growing children which helps optimum growth and development. It contains the best quality Protein, a combination of 32 essential Vitamins and Minerals which meets the RDA (Recommended Dietary Allowance) requirement. It also has brain development ingredients as Docosahexaenoic Acid (DHA), Choline, Taurine, L-Carnitine and Inositol for cognitive development.

Benefits :

- Physical Growth.
- Brain development.
- Skeletal development.
- Immunity development.
- Digestive health.
- Perfect meal replacement for kids which will cover all nutrients

PRORUSH

(Juiced Protein drink)

Innovated this new formulation made from a scientific blend of three plant protein (pea protein, Rice protein, & Faba Protein). These vegan proteins are combined with nutritional ingredient to support bone & brain development, Immune System and can enhance the functioning digestive system. Protein is a very important and required nutrient for growth, muscle building, and increase in stamina. Normally all protein drink are with milk or milk compound but they are not ideal for Lactose intolerant. In world there are around 30% of people who are lactose intolerant; Our innovative proprietary product PRORUSH is a protein drink which is lactose free.

Benefits :

- Lactose free, NON-GMO, Gluten Free, No preservative
- 7gm of protein per serving of 180 ml with natural juice
- With Vitamin, Minerals and Amino Acids.
- Lose fat and build muscles.
- Increase Endurance.
- Decrease Food Craving.
- Control Blood Sugar.
- Lower Cholesterol.

ELECTRORUSH-Zn.

The unique combination Electrorush-Zn plays a magnificent role in regaining lost Electrolytes and reduce diarrhoea. This product is a new intervention for treating diarrheal episodes in children, wherein ORS is the major source to treat Diarrhea and Zinc decreases the severity of an episode and reduces the risk of recurrence in the immediate short-term. WHO also recommends taking ors with zinc to increase the effectiveness of treatment. It is very difficult to stabilise ORS along with Zinc in the same pack due to its unstable nature in liquid but due to innovative technology of Halewood this became possible and the product is stable with valid stability data.

Benefits:

- Available together in a single dosage form
- Convenient to take ORS and Zinc in single Tetrapak.
- Helps in regaining lost electrolytes.
- Available in various flavors loved by children and adults

PRORUSH LITE

(Whey Protein drink)

Prorush lite is a whey based functional protein drink which contains 8gm of protein along with various vitamins, minerals and electrolytes. Whey protein is the excellent source for promoting and strengthening our muscle growth. Whey protein doesn't taste very good but due to our proprietary technology we have made an excellent tasting product with high functional advantages which helps fast absorption of protein. Prorush lite is water based protein and can be used by milk intolerant person.

Benefits:

- Prorush lite is sugar free.
- The amount of calories is very minimal (less than 5 kcal)
- Rich source of protein in various flavours
- It contains 8 gm of protein per 200 ml

Effervescent Range

VITARUSH C

Flavoured Fizzy Drink Mix

Vitamin C boosts the immune system while Zinc contributes to the absorption of the useful nutrients and maintains the normal condition of hair, nails & skin. The combination helps in cases of weakness & fatigue.

ELECTRORUSH

(ORS Effervescent)

O.R.S Effervescent contain a scientifically balanced formula of glucose, electrolytes and essential minerals which helps you stay hydrated. It is a premium product with much better taste.

- Convenience and speed
- Quick disintegration time
- Completely dissolves, no remaining residues
- Great taste: Orange Flavour

Packing: 6 gm Sachet.

ELECTRORUSH-PRO

ORS with Probiotic and Zinc

ORS enriched with probiotic and zinc supplementation is a new intervention for treating diarrhea episodes. This product helps in recovering the loss of electrolytes and starts the treatment of balancing our flora gut. Probiotic helps in reducing the effect of antibiotic Medicines. Zinc reduces the duration and severity of diarrhea.

Benefits:

- S.Boulardii helps in reducing the duration of diarrhea in children with persistent diarrhea.
- L.Rhamnosus helps in boosting immunity-Bacillus clausii treats diarrhea without caring and adverse effects.
- Probiotic helps in maintaining there flora of gut
- Zinc plays the role of regaining of lost electrolytes.

Packing size - 5.6 gm sachet.

CRANWOOD

Potassium Magnesium Citrate D Mannose with Cranberry Extract

Cranwood helps in preventing urinary tract infections (UTIs) and treating carbohydrate-deficient glycoprotein syndrome, an inherited metabolic disorder.

How does it work?

Cranwood prevents certain kind of bacteria from sticking to the walls of the urinary tract and causing infection.

Mostly recommended for women. Easy to consume.

Dosage

- **For preventing frequent UTIs:** 2 grams once daily, or 1 gram twice daily
- **For treating an active UTI:** 1.5 grams twice daily for 3 days, and then once daily for 10 days; or 1 gram three times daily for 14 days.

Packing- 5 gm sachet.

ELDERWOOD

Elderwood contains the extract of dark purple fruit of the elderberry shrub; which is the rich source of antioxidants known as anthocyanins. Elderberry are classified as dietary supplements.

Benefits

- Best supplement to treat Cold and flu symptoms.
- Helps in Constipation
